'FIRST MONDAY' TRADES DAY REVIVED BY CAMERON MERCHANTS

GREAT WAR FILM COMING TO CAMERON FOR THE LEGION

U. S. SIGNAL CORPS MEN DEFY DEATH IN "AMERICA'S ANSWER"

By special arrangement the local post of the American Legion has secured the U. S. Official world war picture, "Americas Answer" which will be shown at the New Hefley Theatre on Monday and Tuesday February 12 and 13th. This picture was made in France during the war by the U. S. Signal Corps, and has been released through the department of public information to be shown as benefits for American Legion post over the country.

At the time of the making these pictures were to be used officially by the War Department and had to be made for this purpose. Of course many men lost their lives in making these scenes as everyone of the battle scenes shown in the picture are actual photographs made during the battles.

The booking of this picture for educational purposes by the local post at this time is to be commended as this is the only eight reel official war picture on the market, the members of the post feel fortunate in getting such an attraction for Camoron.

At the close of the war thousands of feet of film that was made over there was guarded in the archives of the War Department for a long time as secret military information. Upon the release of these pictures, all of the films were gone over carefully and the best and clearest shots were compiled into this wonderful picture.

In addition to the picture special music will be furnished and all the popular war time songs will be sung as the different scenes are flashed on the silver screen. Four shows will be given to enable everyone who wishes to see how their boys went over the top and many of Legion boys will recognize old haunts. The picture is full of thrills from start to finish and the prices are low for this attraction.

COUNCIL VOTES TO DISCONTINUE NEW WHITE WAY POLES

RATES PROHIBITIVE AND LIGHTS INADEQUATE. ACCIDENT RECALLED.

The City Council Tuesday morning in special meeting voted to discontinue the new steel poles recently erected in the street intersections for lighting the business district.

The action was taken primarily because of the prohibitive rates and the fear of accidents, it being recalled by some that only recently an accident had occurred with severe injuries resulting.

When the light poles were purchased and eighty candle power light was considered and was represented to the city as sufficient. But after the installation of these poles the light was entirely inadequate. A light of 100 candle power was then installed and these are without sufficient capacity to light the streets.

It is estimated that at least 300 candle power lights or larger will be required but the rates are prohibitive as the rate per candle power is the same as the 40 candle power lights, no reduction being allowed for additional consumption. The city has no contract with the light company and is therefore powerless to avert these charges.

The Mayor proposed a contract with the company Tuesday but the council would not consider the writing of a contract with the company.

These light poles will be junked or sold for what they will bring the city, or may be given the schools of Cameron if they find they are financially able to maintain them.

WATER COMPANY IN DEFAULT ON EIGHT INCH WATER MAINS

PROTECTION FOR MONDRICK EDITION, NEGRO SECTION AND OTHERS ASKED.

The City Council in special session Tuesday morning adjudged The Camoron Water, Power & Light Company in default on its contract in the construction of eight inch water mains and mapped out a program to give the desired rate reduction in the mercantile districts and to extend protection to those sections of the city unprotected.

The first contract with the company was made in 1895 and rewritten on August 6, 1900. In the contract of 1900 the company agrees to lay and maintain pipe distributing water through the city of Camoron as follows: 6500 feet of eight inch main, 5000 feet of six inch and 7500 feet of four inch main. All to distribute from the supply station of the company which in construed by the council to mean the stand pipe because the contract says the mains shall distribute through the city.

The company has 1700 feet of eight inch main, 4800 feet short of the contract. The company has installed 6000 feet of six inch, 1000 feet in excess of contract and 20,000 feet of four inch main, 12,500 feet in excess of the contract. Four inch main is not standard in the residence sections and six inch main is not standard in the mercantile districts, so it is the plan of the city to enforce the contract and has accordingly adopted the recommendations of the Fire Insurance Commission which requires 1960 feet of additional eight inch main in the mercantile district, and in addition to require eight inch main running from the mercantile district to the grammar school building, a distance of 640 feet, leaving a surplus of 2200 feet. The council voted to regard this surplus as available for any future use by reason of growth of the mercantile districts, or wherever regarded as most appropriately needed in the future.

The proposed construction of mains will give the city a good reduction in the key rate of insurance.

The Fire Insurance Commission of Texas has submitted a plan to give the city standard mains in the mercantile district and these recommendations have been included in the requests of the council. It is believed these will be acceptable to the Camoron Water, Power and Light Company, but the additional extension are to be insisted upon.

The contract with the company provides that extension shall be made if the city will install the required number of fire hydrants and the necessary six consumers for each 800 feet can be obtained. The city has agreed to carry out its part and believes the citizens will respond along the lines of extension for the benefit of the protection given.

It is proposed that a six inch line will be laid through the business section of Santa Fe town and to connect with and make a loop with the line to the Compress. Another extension to be made into the Mondrick addition to give that section protection. Another extension into the west negro section of town to give water and protection; the elimination of all dead ends in mains and an improvement in the water supply for the section surrounding the Yoc High School building.

This plan will be submitted to the company and a report made by the committee on next Tuesday night. The committee is as follows: C. R. Phillips, chairman, George T. Graves, W. O. Triggs.

Berkeley Hunter, of Dallas, visited relatives in Camoron last week.

Mrs. E. B. Hunter, of San Antonio spent several days visiting her mother, Mrs. Sallie Bigbee, and sister, Mrs. I. Stidham.

MINERVA CRUDE PRICE IS RAISED TO \$1.70 BARREL

SEVERAL NEW WELLS REPORTED ON SAND IN THE FIELD HERE

PRICE ADVANCE WELL BOOST DRILLING IN LOCAL OIL AREA.

Minerva crude took another rise in price when the Owens Refining Company of Camoron posted a 10 cent raise for 38 gravity and above the past week. The price now is \$1.70 per barrel. Several new wells are reported to be on the sand and there is two extensions to the field that are probable when the Lee Haus Oil Company drilling one half mile from production in the southern end of the field is completed. There is some mystery attached to this well and no information is available, but the rumor is that it is a good well at the usual level.

The other well drilling in wildcat area ahead of production is the Owens Petroleum Company number one, Cobb, this well is in the northern part of the field and is about completed or nearing the pay that is thought will be uncovered around the Minerva level.

Coyle-Concord Oil Company 5 Lucas on the east side of Cat tail creek is reported to be a 23 barrel around the 700 feet level. This well is about the only completion reported in for the week. The pipe line runs for the field is still holding the 480 barrel mark and next week will probably see the production over the 500 barrel run.

Bagget and House have their new power installed on their Henry lease and will be pumping the oil that the lease is capable of producing, which

'SHOTGUN TAXES' SCORED AT ANTI-PAVING MEETING

BOND ELECTION HIT HARD BY OPPONENTS IN MASS MEETING

CHARGE MATTERS ILL TIMED AND UNBUSINESS LIKE— SHOULD BE DEFEATED.

Although the weather was very bad on last Monday night, quite a number of Camoron citizens met at the Court House at a called meeting for the purpose of discussing the Paving Bond Election, to be held on Saturday the 13th day of February.

A little after 7:30 p.m., W. W. Chambers announced the purpose of the meeting to be, to get some definite ideas about the proposed paving project, and then called for the election of a Chairman.

Upon motion of F. S. Lesovsky, duly seconded, Mr. A. N. Green was elected Chairman by acclamation; your Secretary was next elected, after which open discussion was invited by the Chairman.

Dr. Tom Denson was the first one called upon. Dr. Denson stated that he was for the paving if it did not cost more than was claimed for it; however there was much doubt of this

PAVING ADVOCATES PLAN A BIG RALLY FOR FRIDAY NIGHT

GEORGETOWN CITY MANAGER WILL ADDRESS GATHERING HERE.

All Camoron citizens interested in the street paving issue, whether they are proponents or opponents of the question, are urged to attend a big public meeting here Friday night in the district court room of the court house at 7:30. The Camoron Municipal Band will furnish music for the occasion and a number of out of town speakers will present the issue fairly and impartially for the enlightenment of all.

The principal speaker for the occasion will be W. E. Dozier, city manager of Georgetown, Texas. Mr. Dozier was city manager of Taylor when that city paved its streets. He

(Continued on page eight.)

is said to be around the 100 barrel capacity. In the wildcat area several new locations have been made. One of them in the vicinity of the old Tracy Maysfield Oil Company well, which was abandoned some time ago. The Milano Uplift Syndicate on the Ashley farm is reported to be moving on tools to start drilling. A location in the vicinity of Elm creek east of Watt switch has been made by Blake Smith of Mexia. The Guiberson Number one Posey well have their casing set at 3765 feet and are cleaning out the hole to get the drill under way. This well is one of the most interesting ones drilling in this part of the country and is being watched very closely by the big companies.

The display consisted of lignite from near Rockdale and an oil display by the Owens Refining Co. of Minerva and Camoron.

Mr. Drake handed out a folder advertising Rockdale and Milam county, while Mr. Cobb passed out a booklet advertising the advantages of Camoron.

The displays of cotton, particularly that of the Mebane Cotton Company of Lockhart, attracted much attention. The canning and domestic science department of the A. & M. College was in charge of Miss Stone of the Extension department who was the center of attraction, being the only lady on the train.

The train contained many displays from Southwest Texas, including a car load of products of the Taft ranch, also some of the famous Fallurris Jerseys, as well as some Jerseys from DeWitt county, that would have won premiums at the leading fairs and stock shows of the United States.

The Delco exhibit and electric refrigerator attracted much attention.

The S. A. & A. P. is to be congratulated upon the success of its demonstration train and the Santa Fe will have to get up and hustle to equal it.

Methodist Church to begin revival Sunday Feb. 4th

Church evangelist Morgan to conduct two weeks meeting here.

Sunday night the Methodist church in Camoron will begin a revival meeting.

Rev. J. E. Morgan, general evangelist of the church will conduct the meeting beginning Friday night of next week. The services for the two weeks revival will begin on Sunday

(Continued on page eight.)

and that if the cost would be around \$5,000.00 a block and intersection, that he was opposed to the Bonds.

Giles Avirett was next called on—Mr. Avirett explained that Mr. Mitchell's estimate covered 45 blocks at a cost of \$155,000.00 plus \$10,000.00 for storm-sewer, making a total of \$165,000.00, which would be practically \$3500.00 per block for paving alone.

Mr. Chambers attacked the cost as claimed by the supporters and quoted figures from others in nearby town

HUNDREDS SEE SAP EXHIBITS ON TRAIN IN CAMERON MONDAY

MILAM COUNTY IS ADVERTISED ON SPECIAL TRAINS OVER LINES

Hundreds of Camoron citizens and farmers saw the exhibits by the San Antonio and Aransas Pass Railroad collected from its lines and gathered for the special train which was run through Camoron Monday.

Milam County was advertised by printed matter and by personal representations.

There were cars of registered beef cattle, cars of registered dairy cattle, a car of hogs and a car of poultry, as well as a car of special features and a car containing the display of the A. & M. College.

There were grand specimens of Herefords, Shorthorns and other beef breeds, including a Brahman male that attracted much attention.

The poultry car included a pair of R. E. Sharpe's beautiful White Leghorns, with Mr. Sharpe on board, handing out his printed matter.

Milam County was represented by a fine display collected and arranged by the Rockdale Chamber of Commerce. Moulton Cobb, secretary of the Camoron Commercial Club was in charge of this display while the car was in Camoron and he was with it all day. In company with Secretary Drake of Rockdale.

The display consisted of lignite from near Rockdale and an oil display by the Owens Refining Co. of Minerva and Camoron.

Mr. Drake handed out a folder advertising Rockdale and Milam county, while Mr. Cobb passed out a booklet advertising the advantages of Camoron.

The displays of cotton, particularly that of the Mebane Cotton Company of Lockhart, attracted much attention. The canning and domestic science department of the A. & M. College was in charge of Miss Stone of the Extension department who was the center of attraction, being the only lady on the train.

The train contained many displays from Southwest Texas, including a car load of products of the Taft ranch, also some of the famous Fallurris Jerseys, as well as some Jerseys from DeWitt county, that would have won premiums at the leading fairs and stock shows of the United States.

The Delco exhibit and electric refrigerator attracted much attention.

The S. A. & A. P. is to be congratulated upon the success of its demonstration train and the Santa Fe will have to get up and hustle to equal it.

CAMERON STUDENTS AT
UNIVERSITY OF TEXAS
MAKING GOOD RECORDS.

In a current issue of The Daily Texan is published the honor roll of the University of Texas and Camoron people will be glad to know that a number of Camoron students are on this roll. In group one, the best 37 out of 3032 students in the University is found the name of Joyce Cox of Camoron, son of Mr. and Mrs. M. G. Cox. In group No. 2 the best 97 out of the body is found the name of Hubert Meehiney, son of Mr. and Mrs. Sam Meehiney of Pucholts. In group No. 3 the best 148 out of the student body is Miss Mildred Chambers of Camoron; Group No. 4 best 291 out of student body, Miss Minnie of Camoron; Group No. 5 best 291 out of student body Mary Jo Harlan of Branchville.

Misses Minnie Nell and Gladys Blaylock, teachers at Sandy Ridge, were pleasant week-end visitors with their parents, Mr. and Mrs. L. L. Blaylock.

Many friends of Mrs. J. E. Holtz-claw will be glad to hear that she is much improved and has returned from Temple where she had medical treatment.

RETAIL MERCHANTS AND COMMERCIAL CLUB PROMOTERS

MONDAY FEBRUARY 5 DAY SET FOR FIRST TRADES EFFORT OF 1923.

"First Monday" Trades Day has been revived by Camoron merchants in co-operation with the Retail Merchants Association and the Camoron Commercial Club.

Monday February 5 is the day set for the first Trades Day of 1923 with advertising matter introduced to show the advantages of Camoron as the leading trading point in the county. The Trades Day will be continued for the entire year and for the future.

The plan will bring a one day bargain feast to the people of the trade territory as well as encourage Camoron as a center of trade to which all buyers may turn with the assurance of right prices and the best sort of Commercial relations.

A program has been outlined by the Commercial Club committee on entertainment. The day will be featured by an automobile parade and a big band concert. During the day Camoron team will play basket ball and in addition George T. Graves secretary of the Milam County Livestock Association has issued a call for a meeting of all stockmen of the county to convene in Camoron. It is not set out just what the nature of the meeting but it is sufficient that the call asks that all who are interested in the livestock industry come to Camoron on this day for the meeting.

It is not possible to set out the advantages for trading here in detail, but all merchants of Camoron are making preparations for the day on which the people are invited to come to Camoron to trade.

The slogan of the Trades Day move is: "A market for Every Product" and "Buyer for Every Commodity." The Merchants will make this literally true and all who have products for

(Continued on page 4.)

LIVESTOCK MEN TO MEET IN CAMERON MONDAY FEB. 5TH

CALL ISSUED TO LIVESTOCK RAISERS FROM ALL OVER THE COUNTY.

A call has been issued and signed by George T. Graves, secretary of the Milam County Livestock Association, for a meeting to be held in the court house in Camoron on Monday February 5 at 2 p. m.

The call is issued to all who are interested in the Livestock industry of the county. No outline is given as to the object of the meeting but it is believed it has reference to the tick eradication work, a co-operative program having been mapped out by the stockmen of the county at a meeting held recently in protest to the Commissioners Court for its vote to discontinue the eradication work.

Whether this work has progressed satisfactorily is not known as no reports have been forthcoming from either the inspector in charge or the livestock men.

It is hoped that a large representation will be on hand for the meeting as the Livestock industry of the county is badly crippled because of the tick infestation, a quarantine having recently been put on against inter-county movement of livestock.

Sherwood Owens spent the week-end with his parents, Mr. and Mrs. John Owens, returning to Terrell Wednesday, where he will resume his studies in Terrell Military College.

**"SHOTGUN TAXES" SCORED
AT ANTI-PAVING MEETING.**

(Continued from page 1.)

as high as \$6,000.00 per block for paving and further quoted a number of reasonable citizens in these towns as warning us against the expense of building and that the cost of upkeep was great. Mr. Chambers further called attention to the fact that we had to vote bonds for more school room for the grades as they were overflowing now and more room had to be made in the shape of new building. He also stated that there seemed to be no system to the proposed paving; that no one knew anything definite; that they didn't know the cost of the project, nor how property owners could not pay for their part and that he knew that the homestead could not be forced to pay, thus leaving gaps in the street, or else the city would have to pay for it and thus the paving would still go still shorter of expectations; this was unfair and unequal taxation. He further commended that our streets could be kept in better shape and that they haven't tried to keep them up lately.

Oxshier Smith was next called upon as to whether the City Council had made any arrangements of financing the property owners for their one third of the cost. Mr. Smith answered that no such provision or arrangement had been made.

Councilman Geo. Graves answered that no provision had been made by the City Council for a maintenance fund for the paving, if the election carried.

Both councilmen Smith and Graves declared that the bond election was not proposed by the City Council, but that they merely ordered the election because a number of people had signed a petition for the election and the Council granted their request; that if the matter was left to the council that probably a majority would vote against it at this time.

J. K. Freeman made an impassioned appeal to those who were trying to get the owner of a gun, a clock, or a dog, to vote for the bonds because it would not cost such gun owner or dog owner anything; he stated that this was appealing to the meanest qualities of man and was very wrong. Mr. Freeman further referred to the modern tendency to vote bonds and taxes on the "other fellow" when it did not cost the voter anything and illustrated this by pointing to the recent action of the School Textbook Board at Austin, when by a mere stretch of the pen they voted one and a half million dollars for new text books, which would be paid by "the other fellow," the tax payer and not by the members of the Board; Mr. Freeman suggested that in all probability \$300,000 would be the total cost of the paving project and that it was too much money to take out of the circulation here.

Chairman A. N. Green stated that the financial condition was not right at this time, even if the people agreed to tax themselves with the bonds he stated that the tendency to vote bonds had to have an end somewhere; that he had always voted for every taxing measure that came up so far, that he had even taken a drink, as he called it, and voted for the recent Band and Park tax of 15 cents, but he drew the line when they wanted him to go on a 30 year drunk with them. This remark seemed all as very fitting and was well received.

Mr. Robert McLane, for several years President of the Cameron Commercial Club was called upon and stated that at first he was for the proposition, but that from his present understanding of its cost, that he would not favor it; that he would be for it if it did not cost more than the amount as first estimated.

A stranger in the audience, registered at the Auditorium Hotel as Mr. F. J. Duvan, Fort Worth, Texas, arose and stated that he was an engineer and that the cost of paving was from \$3.20 to \$3.60 per square yard, thus making the cost around \$4500.00 to the block for the paving alone; he also stated that brick paving was better than asphalt as proposed here.

Several other prominent citizens made short talks on the subject, but there was no one that seemed to know anything for sure and could not tell exactly what the cost would be, how and where it would be put, nor any known method of financing the property owners part of the cost, the method of maintenance, if any, etc.

Mr. Chambers and others, referred to figures of two years ago when Mayor Hearrell was attempting to do street paving and had estimates on such work which were almost double the cost suggest to our people in this campaign.

After the matters were gone over in the manner herein stated and there seemed to be nothing certain anywhere and the matter being proposed in such uncertain and unbusinesslike

manner and the financial end of it not being looked after definitely and positively and whereas Cameron has better streets than any town in this section, taking them as a whole over the entire town, whereas only a small fraction of our streets would be paved with this bond issue and whereas it was the united opinion of the meeting that this arrangement should be defeated, motion was made by F. S. Lesovsky and duly seconded and carried by unanimous vote that a committee of 15 men and women, of whom the present chairman is a member, to be known as a Campaign Committee for the purpose of informing the voters of the unsatisfactory conditions under which the campaign is being proposed and when the people are properly informed in the matter that very few will vote for such a condition and thereby save our citizens this enormous sum over a period of 30 years.

Meeting adjourned at 9:15 p. m.

A. N. Green, Chairman of Meeting.
F. S. Lesovsky, Secretary of Meeting.

**JUNIOR RED CROSS
MAKES GOOD CITIZENS**

Through It Children Learn Patriotism,
Altruism and Generosity.

The Junior Red Cross exists for the purpose of making good American citizens. This statement was made by an eminent authority in a recent answer to the question, "What Is the Junior Red Cross?" In the United States there are 5,000,000 members of Junior Red Crosses and in the Southwestern Division the membership of children in this organization numbers 434,570 and here is some of the work these children do.

They support work in Europe to children who are in need. They send Christmas boxes of goodies to children who do not have them. They make shipments of garments abroad to the destitute children of war-crippled Europe. But this is not as interesting to Americans, perhaps, as the work which the Juniors do at home. One of the biggest problems in America today, according to experts, is the tremendous amount of malnutrition found among the children of this country. One-third of the children of America are malnourished, according to actual counts. The Junior Red Cross, through its school auxiliaries and growth classes, is seeking to eliminate a large part of this malnutrition and has succeeded to a very gratifying extent.

The Junior Red Cross also is answering the question of how to eliminate individual, group, racial and international hatreds which exist among people today. The polyglot character of the personnel of the average American school gives an excellent field for work of this kind and foreign children, as well as native-born Americans, learn what good citizenship is in their Junior Red Cross activities even more than they do in the patriotic exercises of their school room work. Loyal and serviceable citizenship, that absolute essential to a great democracy, is being created in the breasts of these little foreign-born Americans through the Junior Red Cross activities as it never could be otherwise.

One of the helps to this is the work the children are doing for the disabled ex-service men in hospitals, for the sick and crippled children who need help and cheer, in equipping playgrounds so that sad-eyed little children of the congested districts are taught the joy of a normal childhood. By learning to serve others in these and many other ways, lessons of community spirit and co-operation are taught the growing boys and girls of this country.

Another thing the Juniors are doing is assisting in the promotion of health in their communities by clean-up campaigns and other civil undertakings. On the whole, one of the most constructive pieces of work done in the Southwestern Division, American Red Cross, during the year, in the opinion of those who have studied the situation, is that among the children, which has been carried on through the Junior divisions of Red Cross chapters and the school auxiliaries of Junior members.

**OUR FARMERS HAVE A
MONEY MAKING CHANCE**

"The year 1923 presents a wonderful chance for money-making to level-headed common sense farmers all over the South," said H. G. Hastings, prominent agricultural leader, recently.

"By this we do not mean an expanded cotton acreage over that of 1922, but just the contrary. There were enough acres planted in cotton last year to furnish, under normal season of growth, all the American cotton that the world can afford to pay a price for that will reward the cotton grower adequately for his work.

"Every effort will be made by cotton speculators and the European cotton mills to encourage larger acreage. The present price of cotton distinctly encourages our folks to go 'cotton crazy' again just as they always have in high price periods in past years. Every time there has been increased cotton acreage in high price periods there has followed a mountain of debt and farmer bankruptcies the following fall and winter.

"Increased acreage in cotton in 1923 should be fought like fire. 'Stick to that acreage which has been found safe under weevil conditions. Cultivate and fertilize to increase yield per acre as much as you please, but don't increase acreage. If you do you simply play into the hands of the speculators again.

"Plant every available acre outside the limited cotton acreage in food, grain and forage crops. No farmer can afford to buy food and grain from merchants when that food and grain can be produced on home acres at certainly not more than half the store price.

"Further, every dollar's worth produced on home acres in the way of needed food and grain for home consumption means a dollar less spent or gone into debt for. If we all 'lived at home and boarded at the same place' most of our cotton money would stick in our pockets or to our account in the bank instead of all going to pay debts. The money that sticks is the money that counts."

CONDITIONS BAD IN GRAMMAR SCHOOL SAYS THE PRINCIPAL

MUST HAVE PLAY GROUND FUND AND BETTER METHODS REPORT SHOWS

There are at present six hundred twenty three pupils enrolled in the Cameron Grammar School. Of this number five hundred eighty six were given a medical inspection last October by Miss Stella Carter, Red Cross nurse for Milam county. The following condition was found to be existing.

Nature of defect.	Pupils Examined	Pupils with defects.
Underweight 10 per cent or more.	586	231
Vision	405	256
Teeth	586	127
Mouth Breathers	586	20
Enlarged Tonsils	586	85
Skin Trouble	586	10
Undernourishment	586	178
Eye Trouble (granulated)	586	31
Lide, etc.	586	

Only pupils of the third grade are given the vision test.

There are causes to which this condition can be attributed, but only one of the most important ones will be discussed here. This cause is that the children of Cameron are not getting the proper kind and amount of physical exercise and recreation. This is especially true in the case of girls. The percentage of girls who show signs of weak physical make up is much greater than the percentage of boys. As a rule girls do not play as much as boys. This is not because the girls do not like to play, but because the proper kind of play has not been provided for them. The condition of this sort should not exist if a strong healthy race of people is to be brought forth. Children should be encouraged to play. It is the best and most natural means of physical development. When children are playing the right sort of games no evil are results. No one can successfully dispute the fact that play is a means essential to the growth and development of the child. So, if this is true it becomes the duty of the school to provide the things necessary to make play just as attractive as possible to the child.

Now owing to the cramped condition of the school ground it is very necessary that a system should be worked out whereby every child can have an equal opportunity to play. In order to do this it takes equipment and equipment costs money. It can not be obtained without it. To meet this need of the school the following plan has been devised which will not work any hardship on anyone.

Next week the school is asking that every child, that possibly can, bring a donation for the purpose of buying equipment to play with. The following scale has been made so that the burden will be distributed equally, as equipment for older children costs more than for younger children.

Sixth and seventh grades each pupil will bring fifty cents.

Third, fourth and fifth grades each pupil will bring twenty five cents.

First and second grade will donate ten cents per pupil.

In this way enough money can be raised to provide equipment necessary to maintain a well directed play ground, that is, if everyone joins in the movement. Of course there will be some who will not be able to pay even this small amount. This is all the more in favor of the movement; the child who is not able to pay for something to play with will be taken care of. But this condition confronts very few. On the average children spend more than fifty cents a year for things that are not nearly so essential as good wholesome play. Let every parent join in this movement and help the school help the children.

Signed:
R. H. BREWER,
Principal Grammar School.

MISS JESSIE STONE TO ADDRESS MEMBERS OF PARENT TEACHERS ASSN.

The regular meeting of the Parent Teachers Association will be at the Grammar School, Wednesday afternoon, February 6, at 3:30 p. m.

The usual program will be omitted and Miss Jessie Stone of College, Station, University Extension Dept., will make a talk on the importance of proper school lunches and milk for children. She will have something to say that should interest every woman in the county. We would like to have representatives from every school community to hear this talk—Men as well as women are invited. We thank the ladies of the Civic League for securing this treat for us.

ty last Friday night. A large crowd was there and reported a jolly good time.

J. W. Seaton and son Bob were in Cameron one day last week.

Duncan has had two more exciting basketball games. The boy's and girl's team went to New Salem and Friday evening. New Salem's team won the games by a small majority due to the fact that their teams were superior in size.

Those who attended Rockdale Saturday were: Messrs Charlie Duncan, Lloyd Woods, J. W. Bob and Charlie Seaton, Mr. Charlie Dunham and Mr. and Mrs. J. K. Dunham.

Mr. Luther Davis and family of Cameron visited in the W. F. Duncan home Sunday. Miss Ruth Duncan returned with them for a short visit.

Miss Ruby Lengert and Mr. Hunter Duncan of Rockdale spent Sunday evening with the latter's parents, Mr. and Mrs. W. F. Duncan and family.

MAYSFIELD NEWS

Don't forget the supper at the Woodman Hall at this place Friday night, February 2, 1923. We have reasonable prices. Come here to get your supper. Every one invited.

Mrs. H. W. Massengale went to see her sick father, Mr. Nabours, last week.

Mr. Tommy Vaughn was in Maysfield Sunday evening.

Miss Eula Cooper, who is attending Baylor College is home for a while.

Mr. Buren Porter and Jim Harlin were visiting in Maysfield Sunday afternoon.

Miss Grace King and Miss Mable Tyson spent the week end in Mexico.

Mr. Elbert Hollingsworth and Kathleen Ireland went to Cameron Saturday afternoon.

Mrs. Ida Powell of Branchville visited Mrs. W. L. White Sunday afternoon.

Little Miss Mary Ethel Massengale is sick with the "flu."

Mrs. Amelia Massengale spent Sunday with her son, Mr. A. L. Massengale.

Miss Alice Brashear spent Sunday with Nell Massengale.

Mrs. S. Sansom preached a very interesting sermon Sunday and a large crowd attended.

Miss Emma Ray Newton spent the week end with home folks.

Miss Lillian Atkinson of Cameron was visiting in Maysfield Sunday.

Mr. and Mrs. J. A. Baldrige spent Sunday at Little River.

We are looking forward to the County meet and are practicing to win.

Mr. O. F. Robinett who has been attending the auto school at Kansas City has returned.

"SUNSHINE"

NOTICE IN PROBATE.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of Floyd Martin Hogan, Ima Dovie Hogan, Henry Dubley Hogan, minors; Mrs. Lura Smith has filed an application in the County Court of Milam County, on the 22nd, day of Sept. 1922, for Letters of Guardianship, in the estate of Floyd Martin Hogan, Ima Dovie Hogan and Henry Dubley Hogan, Minors; which said application will be heard by said Court on the 5th, day of Feb. 1923, at the Court House of said County, in Cameron, Texas, at which time all persons interested in said Estate are required to appear and answer said application,

should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron, Texas, this 24th, day of January 1923.

H. M. ROARK, Clerk,
29-2t County Court, Milam Co., Tex.

TOWNER-STERLING BILL.

An objection urged against the passage of the Towner-Sterling bill now before Congress, creating a Department of Education, with a Secretary in the President's Cabinet, is voiced by the majority report made to the United States Chamber of Commerce by its committee on Education, in the following words:

"The Sterling-Towner bill does not provide for the consolidation under the proposed Department of Education of any of the educational activities of the Government. The bill simply provides that such other branches of the Government shall be added to the department of Congress may determine should be administered by the Department of Education. It is not likely that many of the other educational activities of the Government will ever be transferred from the departments in which they are now located to the proposed new department, for they are too closely connected with the administrative work of those departments or of so highly specialized character that they can be more efficiently administered under their present departments. It is not likely that the educational activities of West Point and Annapolis Academies will ever be transferred or that the Indian

Schools will be administered by a Department of Education, neither, is it likely that the agricultural experiment stations and the other agricultural educational institutions now conducted by the Department of Agriculture will be taken from that department."

To the unprejudiced reader this will appeal as being beside the point. The cause of the education in this Nation is not affected by the agencies controlling the Army and Navy Schools or the Indian Schools. Doubtless they are well administered, properly run, and are efficient for their purposes. A Department of Education will correlate educational agencies which teach the rank and file, the boys and girls, the young men and young Women; it is the Towner-Sterling bill, proposed to make education of the masses a matter of concern to the National Government. The fact that the bill as drawn, does not propose to take away from the rest of the Government the Government's special schools, is a point in its favor, not a point against

MR. BAKER'S SCHOOL BILL.

(Rockdale Reporter)

The Reporter last week presented in full the text of the bill which Representative O. D. Baker of Milam county will introduce in the thirty-eighth Legislature, amending the compulsory education law. We reserved editorial comment on the bill until this week for lack of space last week.

The Reporter cannot endorse this bill. It smacks too much of religious intolerance. In voicing our opposition to the bill we believe we can find no better argument than that presented by Editor J. B. White of the Cameron Herald in his last week's issue. We endorse Mr. White's stand.

Editor White says:

LET US HAVE RELIGIOUS FREEDOM.

There is being prepared for introduction by Representative O. D. Baker of the 65th district, in the house of representatives of the Texas legislature a bill to require all pupils of scholastic age to attend the public schools of Texas. An exception is made in the case of private and parochial schools but the bill proposes to prescribe the course of study for these schools and to require their supervision by county superintendents.

The course of study, as proposed in this bill, is the same as that now taught in the public school of the state.

While the course of study of the public schools and the public schools as an institution in this country need no defense, it is nevertheless deplorable that legislation is being sought that though ostensibly amiable in character yet reeks with the odium of intolerance and strikes at a fundamental of constitutional government.

The bill can have no other purpose than to legislate out of existence private and parochial schools for the reason that though it would permit their operation it would by compulsion prescribe their course of study and place them under the jurisdiction of the state. The fact that incorporated in these courses for private and parochial schools is included religious training makes them secure in the license of constitutional privilege and therefore legislation of this character is in plain contravention of the constitution.

The bill, if by any means operative, could have no beneficial economic purpose for the reason that private and parochial schools now receive no support from the state and in the event placed under state control would be eligible to state aid and thus would the tax burden be increased.

Legislation aimed at religious liberty should have no place in a free government.

The curriculum of the parochial schools is the same as in the public schools. Reading, writing and arithmetic, history, geography, grammar and spelling are taught. Bible history and Catechism is taught which is a part of the religious training.

In the south the teachings in the parochial and public schools in all the grades are on a par. In the north the parochial schools are two grades ahead of the public schools. The fifth grade in parochial schools equals the seventh grade in public schools.

In the north, east and west the Catholic school teachers attend all Teacher's Institutes, and all state and county conventions. The Catholic school teachers go before the state boards for examinations and are issued certificates the same as the public school teachers.

The text books are the same.

Roman Catholics maintain their parochial schools at no cost to the State, County or city. The schools are maintained by the congregations. Aside from the religious training, another advantage in parochial schools is the 9 months school year. The school opens at 8:30 a.m. and closes at 4: p.m. while the schools in the rural districts only have six and one half months school out of the year. This is on account of shortage of school funds. If the parochial schools are legislated out of the state, what

is the State going to do to take care of the overflow. Now they are taxed to capacity with the pupils they have.

Issue must be taken with the bill, realizing that all religion must suffer if the bigot has his way. While the very genius of Americanism is that every Jew, Atheist, Baptist, Unitarian, Methodist, Seventh-Day Adventist, Presbyterian, Quaker, Congregationalist, Episcopalian, Roman Catholic, and all the rest of the religious category have indisputable right to their religion. The very spirit of our constitution declares that Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof.

REPUBLICAN STATE CHAIRMAN CONFIRMS SAD PLIGHT OF FARMERS UNDER G. O. P.

Stories of the terrible adversity that has overtaken American agriculture since the inauguration of President Harding twenty-two months ago are being related almost daily to Congressional Committees and individual Senators and Representatives. The facts indicate that instead of growing better as shouted by the Republican Coue chorus, conditions have become worse since the passage of the "emergency" tariff and the Fordney-McCumber profiteers' tariff—the two receipts upon which the Republican regime counted so confidently.

R. W. Frazier of Crosby, North Dakota, chairman of the Republican State Committee of his commonwealth, recently appeared before the Senate Committee on Agriculture and Forestry to urge the enactment of legislation for the relief of farmers in his section of the country. Speaking of the situation in Divide County North Dakota, Mr. Frazier said:

"In 1921 the selling price of our durum wheat on the first of November was 85 cents a bushel. In 1922, it is 75 cents, and it is even worse than that, because since the grain-grading act was knocked out. We have what we call amber durum wheat sold as mixed durum, thereby allowing the grain thieves to steal from the farmers from 6 to 15 cents a bushel.

"Our hard wheat was worth \$1.15 the first of November a year ago and on the first of November 1922 it was worth 88 cents. Potatoes in 1921 were worth 50 to 60 cents and now they are worth from 15 to 20 cents. Oats are about the same, and we consume most of our oats there. Rye is the same price being 60 cents; barley is about 5 cents lower than a year ago. The freight charges have increased from 23 to 27 cents a hundred on durum and hard wheat."

The total average debt of the farmers in his county, Mr. Frazier said, is \$7,500 upon which they pay 10 cent interest.

"The debt is increasing," he told the committee. "It has increased in the past two or three years and it will increase more this year, because the surplus grain and the low prices have made it so they cannot make as much as they could in other years with a smaller amount."

The Harvester Trust hasn't cut its prices to correspond with the incomes revealed. The tariff on agricultural machinery is not "protecting" its user in the west.

"The hard part of it with us is that to farm at all we must have a full line of machinery and the price hasn't gone down a bit on that," he said. "We are forced to sell our stuff at one-half the price that we had been getting for it, and although we have to have this machinery we are compelled to buy it at a high price and go ahead with it."

A glimpse of the ruin faced by these Dakota farmers while the Fordney-McCumber law is supposed to be putting them on the road to prosperity, was given in another part of Mr. Frazier's testimony. Referring to his own county he said:

"The sheriff's records show that 197 quarters were sold in eleven months. There have been 24 bankruptcies filed in our county since the election up to the time I left, and probably by this time there are 50; there should be. There have been 18 suicides in the year, as recorded in my office as clerk of

court, from the very fact that people were despondent over financial conditions."

OUR FOREIGN POLICY.

In foreign relations Mr. Harding is afraid of everything. He is afraid of commitments, as he calls them. He is afraid of entanglements. He is afraid of responsibilities. He is afraid of obligations. He is afraid of the Senate. He is especially afraid of the Battalion of Death. He is afraid of his own record as Senator. He is afraid to be consistent and he is afraid to be inconsistent. He is afraid to act and he is afraid not to act. And in consequence no human being in all the world knows what the foreign policy of the United States will be from day to day.

It is possible to devise a foreign policy that rests only on cowardice, for Mr. Harding has proved that it can be done. But the net result of it all is that the political and economic condition of the civilized world is far worse than it was the day that Mr. Harding took office. In fact all Europe is on the verge of collapse. If that is really what the American people voted for in 1920, that is what they have to show for it.

TOWNER-STERLING BILL.

An objection urged against the passage of the Towner-Sterling bill now before Congress, creating a Department of Education, with a Secretary in the President's Cabinet, is voiced by the majority report made to the United States Chamber of Commerce by its committee on Education, in the following words:

"The Sterling-Towner bill does not provide for the consolidation under the proposed Department of Education of any of the educational activities of the Government. The bill simply provides that such other branches of the Government shall be added to the department of Congress may determine should be administered by the Department of Education. It is not likely that many of the other educational activities of the Government will ever be transferred from the departments in which they are now located to the proposed new department, for they are too closely connected with the administrative work of those departments or of so highly specialized character that they can be more efficiently administered under their present departments. It is not likely that the educational activities of West Point and Annapolis Academies will ever be transferred or that the Indian Schools will be administered by a Department of Education, neither, is it likely that the agricultural experiment stations and the other agricultural educational institutions now conducted by the Department of Agriculture will be taken from that department."

To the unprejudiced reader this will appeal as being beside the point. The cause of the education in this Nation is not affected by the agencies controlling the Army and Navy Schools or the Indian Schools. Doubtless they are well administered, properly run, and are efficient for their purposes. A Department of Education will correlate educational agencies which teach the rank and file, the boys and girls, the young men and young Women; it is the Towner-Sterling bill, proposed to make education of the masses a matter of concern to the National Government. The fact that the bill as drawn, does not propose to take away from the rest of the Government the Government's special schools, is a point in its favor, not a point against

THANKS TO MR. DAVIS.

The Nation owes a debt of gratitude to John W. Davis, president of the National Bar Association, for his weighed words of warning that individual liberty is being beaten down, and self-government rights are being encroached upon by the accomplished and threatened amendments of the Constitution providing a code of Statutes to control the habits and morals of Americans.

Conceived as the land of liberty, the land of the free, the land where a man may think and speak and act as he will, provide that in so doing he injure not his neighbor, the Nation has grown and prospered and become great. Today, as an aftermath of the war, we are beset by well-meaning and honest, but fanatical "reformers" who see in law the only way by which the people of America may be made to hew to the line as drawn by these, the self-appointed moral censors of the Republic. They would regulate our books, our pictures, our going, and our coming; the Nation must control the private thought and act as well as the public utterance and deed of its citizens, according to these well-meaning but mistaken people, or "America is doomed."

History repeats itself; in its beginning the Nation was a Nation of blue laws, and grave and reversed men concerned themselves with trials for

various offenses against the statutes, such as whether or not one had kissed his wife on a Sunday, or been seen on the street after nine o'clock at night! Education, transportation, the growing feeling of national solidarity, the light of a better civilization and a more tender and less austere religion banished the blue law. Now, after a hundred years and more there are those who would revive and add to them, and make America first puritanical and then utterly prudish!

"Too much law," warns Mr. Davis, "is as bad as too little law." "The mysterious something called the state" is less important to the Nation than its spirit of liberty.

NO FREE SEEDS, BUT BONUSES FOR SPECIAL PRIVILEGE.

In an excess of virtuous economy, the Republican Congress has rejected the provision for the free distribution of seeds among the people, thereby "saving" \$360,000—about one one-thousandth of the total annual cost of the government. All the Republican bosses and machinery of both branches of Congress were mustered to the task of accomplishing this big "economy" for the taxpayers.

Almost at the same moment funds were provided for the remodeling of President Hardings yacht, the Mayflowers, at a cost of about \$200,000. A few hours subsequently Senator Smoot introduced a bill—which his Republican fellow bosses have promised to pass for him—to relieve banks of the cost of shipping silver dollars from the mints to their vaults. This will cost the government at least \$15,000 a year.

One one-thousandth of the annual expense of the government is not much to appropriate, even for free seeds. It isn't anything like so vast a sum as one-fourth of the yearly cost of the Federal Government. Yet President Harding and all his Congressional cohorts, including the contingent of "lame ducks," is eager to give the latter sum—\$750,000,000—to the Shipping Trust, after having first made it a present of 1,400 ships for which the people paid \$3,000,000,000.

Two members of President Harding's Cabinet—Secretary Mellon and Postmaster General Work—are giving aid and comfort to the passage of a "uork barrel" bill which contemplates the expenditure of more than \$100,000,000 on new postoffices, courts and other Federal buildings, apparently with the object of parceling them out as rewards or baits where they may do the most good for the Republican party.

The Republican administration seems merely to be niggardly with the people that it may be lavish with Special Privilege.

OFFICE CAT.

By Genevieve

Copyright 1923 by Genevieve Sullivan

Teacher—"Robert, in your composition of George Washington you say he cut down a cherry-tree with a saw. Don't you know he chopped it down with a hatchet?"

Robert—"Yes'm; but I didn't know how to spell hatchet."

Butcher—"This pound of butter you sent me is three ounces short."

Grocer—"Well, well, I mislaid the pound weight, so I weighed it by the pound of chops you sent me yesterday."

Beggar—"Please give a poor man a dime."

Lady—"Why you can see out of one eye!"

Beggar—"Then make it a nickle."

Employer (to youth applying for situation): "And are you quick at figures?"

Applicant—"Yes, sir, very."

"Do you know any foreign language?"

"Yes, sir, a little."

"Do you know Latin?"

"Well, sir, I began to learn it but I had to throw it up in favor of shorthand, because I couldn't pronounce some of the words."

"What were the words you couldn't pronounce?"

"Well, words like MXCCCIV, sir."

At the little church the minister, a colored man, announced that he

regretted to state that a certain brother had retired to rest the night before without locking the door of his fowl-house, and on rising in the morning had found that all his chickens had disappeared.

"I don't want to be personal," he added, "but I had my suspicions as to who stole dem chickens. I shall be glad if the man who took dem will not put any money in the box when it passed 'round, and then I shall know if dose suspicions are right or not."

The collection was taken up. The boxes were crammed full of money.

"Now, breddren," announced the minister, "I don't want your dinners spilt by wonderin' where dat brudder lives who don't lock his chickens up at night. Dat brudder don't exist, mah friends; he was a parable for the purpose of finance."

Old Dobbin had his faults, but you didn't have to pour hot water on him to get him started on a cold morning.

An economist is a man who tells you what to do with your money after you have done something else with it.

Business man say that all girls' colleges should be burned down. If the girls aren't more careful about throwing away lighted cigarettes, his wish may be fulfilled.

ANTHEM FOR A HAS BEEN.

My auto 'tis of thee, sort cut to poverty—of thee I chant. I blew a pile of dough on you three years ago, now you refuse to go—or won't or can't. Through town and countryside I drove thee full of pride; no charm you lacked. I loved your gaudy hue, your tires so round and new—now I feel mighty blue, the way you act, to thee old rattle box many bumps and knocks; for thee I grieve. Badly thy top is torn; frayed are thy seats and worn; the croup affects thy horn, I do believe. Thy perfume swells the breeze, while good folks choke and sneeze as we pass by. I paid for thee a price, 'twould buy a mansion twice; now everyone yells "ice!" I wonder why. Thy motor has the grip, thy spark plug has the pip, and woe I think. I too have suffered chills, fatigue and kindred ills, trying to pay the bills since thou art mine. Gone is my bank roll now; no more 'twould choke a cow as once before. Yet if I had the Yen, so help me John—amen! I'd buy a car again and speed some more.

Old Silas Tightwad arrives late for the weekly meeting of the church deacons' committee. The deacons were in the act of voting when old Silas interrupted and said: "I don't know what you be votin' on but I agin' it."

"Why, why, brother Silas," spoke up one of the deacons, "we are voting on getting a new chandelier for the church."

"Chandelier. Chandelier! who could play it if we got it, I, agin' it."

TODAYS SERMON.

Politeness is like an air cushion. There may be nothing in it, but it eases the jolts wonderfully.

Miss Perla White, a student in Texas Woman's College, Fort Worth, spent the week-end with Mr. and Mrs. R. H. McIntosh. Miss White formerly lived in Cameron when her father Rev. W. D. White as pastor of the First Methodist church, but is now stationed at Atlanta, Texas.

Salts Fine for Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

Patronize Home Industry

We have with us today the CAMERON MACHINE SHOP one of Cameron's up to date industries. In this shop is installed machinery for the turning out of any character of repair work, and is the most thoroughly equipped shop in this part of the State.

The magnitude of this industry can only be appreciated when one sees the large LE BLOND lathe in operation, and the big drill presses grinding out parts that move our wheels of industry.

Here also is an up to date blacksmith to care for every to blacksmith to care for every need. The shop specializes in oil field work, and the repairing of farm machinery. An up to the minute repair department for Auto's is maintained with expert mechanics in charge, and quick service is their motto.

(This is the second of a series of advertisements devoted to the manufacturing industries of Cameron by the CAMERON HERALD. The next will appear in an early issue.)

Cameron, Texas.

The Life of Your Car

Your automobile lives a long life of usefulness, or not, depending upon what is done to keep it fit to meet its daily duties.

What can be done depends upon who cares. Some car owners have to hunt for someone who cares enough to really accept responsibility for the car's performance. Properly, that responsibility rests squarely upon the man who sells the car.

When you buy a Chevrolet here, you acquire a splendid automobile and the co-operation of an organization that backs its assurance of good performance with the ability to provide everything the car will ever need.

Program

SPECIAL INDUCEMENTS.

Cameron merchants are offering special inducements to the people of this trade territory to come to town first Monday, February 5. Cameron is the best trading point in this section of the state and its good roads make it accessible from all points.

Hundreds of people must come to Cameron on first Monday because of court duties. Many county organizations plan to meet here on this day. Make first Monday a regular shopping day, too. Combine business with pleasure. Cameron welcomes you.

PROGRAMME.

Beginning at 2 o'clock in the afternoon Cameron automobile dealers will stage an automobile parade. All of the late models in automobiles will be in the parade. It will be worth coming miles to see this parade alone.

At 3:15 Cameron's Municipal Band will give a public concert to first Monday visitors. This band took second prize at the state meet at Waxahachie and is considered the best in this section of Texas.

The Yoe High School basket ball team will play a game at 4 o'clock. Basket ball is one of the most attractive of sports and a good game is assured.

Livestock men of Milam county will meet at 3 p. m. at the court house.

Co-Operation With the Farmer

The co-operation with the farmer and stockmen of Milam county has been largely responsible for the development of this bank.

With resources over one million dollars, this institution is ready at all times to intelligently consider with its patrons, that which promises a profit and offer suggestions and advice based on many years of experience.

A new, crisp one dollar bill will be given to the first farmer who presents this at our window on the morning of Trades Day. Clip this ad and present it at the Bank.

Citizens National Bank

Cameron, Texas.

Retail Merchants Approve

Cameron, Texas, January 19, 1923.

To the Members of the Retail Merchants Association,
Business Men of Cameron and the People of
Cameron Trade Territory:

Greeting:

This is to certify that this Association has given its full endorsement to the proposed plans for a Trades Day in Cameron to be held on the First Monday of each month, and that the Association has studied the details of the advertising plans, special inducements and efforts embraced in the proposition submitted and find them to be legitimate in every way and worthy of the support of the business men.

The Retail Merchants Association while not actively in charge of the Trades Day move desires to endorse and commend it to the business men of Cameron and is convinced that it will increase trade and bring thousands of extra dollars to the merchants in 1923 and at the same time present bargains and buying opportunities which will result in great savings to the people of the trade territory.

The Association is convinced that to revive the First Monday Trades Day in Cameron will with the modern methods to be employed in advertising, supplemented by the good roads and easy access to the city from every part of the territory and crowned with the supremacy of merchandising, characteristic of the business men of Cameron, do more to encourage trade than any other single effort in the history of the city.

The small cost attached to the effort as compared with the great benefits to be derived makes the proposition doubly attractive and if the merchants will co-operate a great service will be done the commercial interests of the city.

In reviving the First Monday Trades Day Cameron is meeting the competition of other towns in the county and holding intact the great volume of trade in its territory besides by these special inducements bring increased business.

The Association heartily endorses the plan and urges the merchants to join in this great trade effort.

SATISFACTION TO EVERY PATRON

G. A. NORMANT

Proprietor

The recuperative power of this nation is evidenced by its ability to return with unimpaired vigor from periods of depression to a condition of economic stability.

Like a seaworthy and well-manned ship, American business has sailed through the cross currents of bad business weather into fairer and more promising seas.

On the voyage of American business, through rough seas and smooth, the retail merchants and bankers of Cameron have been a part of the crew and have borne a willing hand. This strong group of merchants stands ready and prepared to contribute to the fair sailing of the nation's business by giving lowest prices for best qualities and better service.

Mrs. Rufus Graves is much improved from a severe spell of illness.

Mrs. Babe Survant is a guest in the home of Mr. and Mrs. H. E. Garner this week.

CIVIC LEAGUE IS FOR BETTER SCHOOLS

NEEDS OF SCHOOLS DESERVE FIRST CONSIDERATION SAYS ORGANIZATION

The Civic League, thru its school committee, has always kept in close touch with the needs of our schools. We have always advocated that the Board of Trustees should make public the exact condition, so that the patrons and citizens should know how much money we receive, how it is spent, and how much more is needed for improvement.

At our last meeting we asked Mrs. Gillis and Mrs. Triggs, our representatives on our Board, to make public some of the gravest needs of our schools. This they did in a signed statement in last week's papers. Their brief report has the entire endorsement of the majority of the Board of Trustees.

This was not done in any spirit of opposition to the progress of our city along the line of better streets. We recognize the desirableness of this improvement, but we would have every voter view the needs of our city in their right relation to each other, and put first things first.

Our bonding capacity is limited by law as well as by the ability of our tax paying citizens.

We ought to guard this bonding ability with religious care. Those who know tell us that we already need more teachers, more buildings and equipment; this demand is no urgent, and must be met by an issue of bonds in the near future. If there is any public need that should be supplied it is surely that of our public schools, the bulwark of American civilization.

Our plea to the voters is: unless we can vote both issues, let us favor the schools first.

We thank you.

THE CIVIC LEAGUE

NOTICE TO LIVESTOCK OWNERS

All the livestock owners of Milam county are requested to meet in the District Court room, Cameron, at 2 p. m., Monday, February 5th. This meeting is for the purpose of discussing the livestock situation generally and taking some definite action for co-operation in the tick work, also to discuss the legislative situation as well as the condition brought about by the shipping of more than 2,000 aged steers out of Milam county since August 1st, 1922. Everybody come out.

GEO. T. GRAVES, Secretary Milam County Live-Stock Association.

Mr. and Mrs. Leland Green and family spent the first of the week in Rosebud, guest of her mother, Mrs. J. P. Gott.

SUPPLIES ARRIVE FOR DRUG STORE

TRUCK BRING STORES OF DRUGS FROM ROGERS TO CAMERON MONDAY

Tuesday motor trucks completed the hauling of stocks to go in the drug store of Towner Brothers who have moved their store from Rogers to Cameron.

This store will be located in the building recently purchased by Dr. G. B. Taylor, adjoining the Mondrick building on the west side of the square. Dr. Taylor has fitted out offices in this building and the bottom story will be used for the drug business.

Mr. Louis Turner was formerly associated with the Star Products Company in Cameron and is well known to the people here. For the past year he has been engaged in the drug business in Rogers.

The building here was formerly occupied by the Lindsey Grocery, this business having been moved to the Lawrence building adjoining the Gulf filling station.

Cameron now has six drug stores.

HOW ADVERTISING PAYS.

Advertising as a business getter is not confined to merchandising but is equally valuable in other fields. Here is a good example of the pulling power of advertising. A business man in Maysfield read in the Herald an advertisement by Fred Henry, income tax expert, and came to see Mr. Henry to arrange with him for computing his 1922 income tax report.

Mr. Henry has begun to compile reports for his customers and invites others to take advantage of his service as a computer of income tax reports.

CHAPEL PROGRAM

An intensely interesting program was given last Monday morning. Each class was represented by a speaker who extolled the charms of their candidates for class beauty, and solicited each and every one's vote. Harleigh McGregor very cleverly concluded his speech in behalf of the Senior beauty, Miss Du Bois, in the words of the famous Dr. Coue, "Every day in every way she is getting prettier and prettier."

Other High School students gave addresses on "School spirit and Pep." The principal speakers were Bassett Watson, Leonard Mewhinney and E. Green.

TWO PERIODS FOR EXAMS.

All the students of Yoe Hi seemed to be pleased when the news was passed around last Monday that instead of having examinations one period in each subject for two days, Mr. Kidd had decided to use the same method that was used last year that of having a two-hour period for each examination.

We believe that we voice the sentiments of the entire student body in saying that we thank Mr. Kidd very much and hope that a comparison of grades for the two quarters will influence him toward using the same method for the rest of the year.

MISS COLEMAN ENTERTAINS

Miss Sallie Coleman was charming hostess Saturday evening for an informal dance. Three rooms were arranged for dancing, while in a fourth, tables were placed for forty-two. Miss Katherine Agee, talented young high school musician, entertained the guests with musical selections.

A refreshment couse consisting of ice cream and cake was served by Miss Coleman, assisted by her mother, Mrs. Coleman, and Misses Lois Camp and Bess Wiley.

The guests for the evening were Misses Eloise Rogers, Pauline Green, Katherine Agee, Lois Camp, Martha Lu Hooks, Lillie Kate Beckerman, Eugenia Wallace, Olive Henderson, Bess Wiley and Miss Mildred Moore, and Bassett Watson, Clifford Barmore, Jack Hearrell, Irvin Clary, Edwin Agee, Ralph Joyner, Alton Baggett, Billie Clark, Fred Childress and Lyons McCall.

BEAUTY CONTEST ENDS

WITH BOX SUPPER

For the past two weeks Yoe Hi has been trying to decide who is the most beautiful girl in high school. This was a very hard decision to make, for Yoe Hi affords so many pretty girls.

The contest was carried on by placing a voting box in the library where each student voted for his candidate. The classes called class meetings and elected a beauty to be supported by all in the class. The senior's candidate was Miss Lucille DuBois; the junior's, Miss Rosalie Baskin; the sophomore's, Miss Hilda Burke; and the freshmen, Miss Sue McClaren.

When the voting ended last Friday afternoon, Miss Rosalie Baskin was the candidate having the most votes, leading Miss DuBois by about 1,000 votes. But the voting did not end the contest.

A box supper was given Friday night, the proceeds from which was placed on the different candidates as votes in the beauty contest. Each person buying a box was entitled to a number of votes according to the price paid for his box. For instance if a person paid \$1.75 for his box he was allowed to give 1,750 votes on whichever candidate he wished.

The box supper was a lively and peppy meeting. The last box sold for \$10.50 and gave Miss Baskin a majority of 10,000 over the next highest candidate.

The contest was a very successful affair and everyone had a good time. The beauty contest was also a profitable enterprise for the annual.

DR. DENSON ADDRESSES

THE STUDENT BODY.

The second of a series of lectures to be given the student body by successful business men of Cameron was heard this morning when Dr. Denson

addressed the student body. The subject of his lecture was "Advantages and disadvantages of the medical profession." He expressed the keynote to his speech in the few words "The Real Purpose of Life is Service to Others."

Several musical numbers were included in the chapel service, being rendered by Mrs. Jeter, Katherine Agee and Lorraine Beard.

ABOUT THE YOEMEN

Miss Evelyn Pearl Payne left Friday at noon for Normangee, where she visited home folks.

Miss Lucille Du Bois visited her parents this week end in Jewett.

Indications are that there will be quite a few report cards decorated in red this quarter. Of course, all the trouble is due to flu, Christmas and the Thanksgiving holidays, the students declare.

J. A. Ely spent the week end in Gause.

Lyons McCall has had the flu the past week. Eugene Green has also been on the sick list.

Among the Yoe Hi graduates home for the week end were Miss Velda Walker, Little Joe Moehler, and Mr. Sherwood Owens.

The Yoe Hi Scrubs played the Yareton basket ball team last Friday, our men being defeated by a score of 11 to 36.

LION TAMERS ORGANIZE.

After the musical program given last Thursday afternoon by "The Texans," composed of the Howell Brothers of Cameron and the Schultze Brothers of Temple, the Yoe Hi Debating Club was called to a business meeting. After some discussion it was decided that, to create more interest in the club by competition, two separate clubs should be organized, the Senior and Sophomores, supervised by Mr. Perkins, forming club and the Juniors and Freshmen, supervised by Mr. Preston forming the other.

After the vote had carried, the two clubs met separately for the purpose of organizing. The Seniors and Sophomores voted to name their organization "The Lion Tamers' Club." Harleigh McGregor was elected Big Cheese (president) and Willard Keith was elected Old Limberger (secretary and treasurer). The Lion Tamers expect to outclass the other club in every respect. All Seniors and Sophomores who are not interested in this club are invited to come out at the next meeting and let us make you interested.

"Day by day, in every way, we're getting better and better."

SHERIFF'S SALE.

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 11th day of January A. D. 1923, in a certain cause wherein the City of Cameron is plaintiff and S. P. Tate is defendant, upon a certain judgment rendered in said Court on the 10th day of October 1922, in favor of said City of Cameron, Plaintiff and against the said S. P. Tate, defendant, for the sum of Two Hundred Thirty-Two and 28-100 (\$232.28) Dollars and interest thereon at the rate of 6 per cent. per annum from the date of said judgment together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in February 1923, the same being the 6th day of said month, at the Court House door, of said Milam County, Texas, in the City of Cameron between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, proceed to sell to the highest bidder for cash in hand, all right, title and interest of S. P. Tate in and to the following described real estate, levied upon as the property of S. P. Tate, viz:

All that certain lot tract or parcel of land situated in Cameron, Milam County, Texas, and being a part of the W. W. Lewis league and a part of block A of Barton's addition to the City of Cameron; Beginning at the N E cor of the lot deeded by Chas. Leverett et ux to F. Huegner on Dec. 21st 1908 by deed recorded in Vol. 66 page 590 Milam County deed records which said point of beginning is on W line of the right of way of the S. A. & A. P. R'y Co. in Belton or Main street in the City of Cameron; thence N 71 W 74 ft 2 in. to W line to the tract of

\$24,000 CONTRACT FOR ROAD IS LET BY COUNTY COURT

HANOVER-MILANO LAP IS LET TO COOK & ARRINGTON CONTRACTORS

The commissioners court through its county auditor Giles L. Avirett has awarded the contract for the construction of the Hanover-Milano road to Cook and Arrington, contractors.

This contract amounts to \$24,264.80 and is part of the completing highway program in the Milam road district. The construction of these highways are in addition to the lateral roads which are to be constructed in the district and which are to serve the farmers and business men of that section, connecting up as laterals with the system of highways.

At the same time this contract was awarded the court let the contract to build the road from the John Hobson place to the Cameron-Hanover road.

With the completion of the building program in Milam district practically all the road construction will have been completed giving the county one of the best system of gravel pike roads in the entire state.

land conveyed S. P. Tate on Feb. 21st 1912 to S. V. Hause recorded in Vol. 108 page 368 deed records of Milam County, Texas, for the N. W. cor of this tract being the N. E. cor of the said Hause tract; thence N 19 W along the W. line of said Hause tract 150 ft it being the S. W. cor of the tract here described; thence S 71 E 74 ft 2 in. to the S. W. cor of the said Leverett lot on right of way it being the S E Cor of the tract here described; thence N 19 E along the W line of said right of way 150 ft to the place of beginning, containing a tract of land 74 ft 2 in. by 150 ft; being the same land described in a deed of trust duly recorded in Vol 34 page 384 of the deed of trust records of Milam County, Texas, to which deed of trust and records of Milam County, Texas, reference is hereby made for a more particular description.

Subject, however, to the right of redemption the defendant or anyone interested therein may have and subject to any other and further rights the defendant or anyone interested therein may be entitled to under the provisions of law.

Said sale will be made by me, as aforesaid, to satisfy the above described judgment, and the proceeds of said sale will be applied to the satisfaction of said judgment, foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the State of Texas, together with interest and the costs of suit and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the Defendants right to redeem said property in accordance with the laws of the State of Texas in such cases made and provided.

Given under my hand this, the 11th day of January A. D. 1923.

DRUE S. ROGERS.

Sheriff of Milam County, Texas.

It satisfies the sweet tooth and aids digestion.

Pleasure and benefit combined.

FOR THE CHILDREN

SADLERS SHOW THE BEST EVER IS THE VERDICT

POPULAR COMPANY MAKES DECIDED HIT WITH BRADY PEOPLE

(Brady Standard.)

That the Harley Sadler tent dramatic company playing this city this week is the best attraction of its kind that has ever visited this city seems to be the unanimous verdict of all who have attended.

On account of the very bad weather Monday night the attendance was small but a splendid play entitled, "The Country Boy" was put on by the company which completely captured the audience. With clear but still cold weather Tuesday night a good crowd turned out to see "Over the Hills to the Poorhouse," which was pronounced a masterpiece and one of the most cleverly presented plays ever shown here. With nice weather now prevailing it is expected that the show tent will be filled to overflowing the remaining nights of the week, however, should the weather turn cold the tent is well heated with a number of large stoves and is perfectly comfortable on the coldest night.

The splendid music furnished by the orchestra is one of the most pleasing features of the show. The orchestra is made up of six pieces which are handled by some of the most capable musicians that could be procured anywhere. The band is also much above the average show band and when they played concert on the square Monday afternoon, made quite a hit. The whistling of Hack, bass drummer, accompanied by the band, was a knockout.

Harley Sadler, owner of the show, is a dyed in the wool West Texas Booster. He hails from Stamford, but claims all West Texas as his home and in every place he shows he sings the praises of all the towns in the West in which he shows. As evidence of his confidence in West Texas as every cent of the money made in the

show business by Mr. Sadler is invested in West Texas property. In addition to being owner of the Stamford baseball club, he owns a number of small ranches throughout this territory and is going in for more. The show is a member of the West Texas Chamber of Commerce and carries a banner to that effect on the stage front. Mr. Sadler always attends the conventions of the West Texas Chamber of Commerce and will be at San Angelo with his band in May.

This is the first visit of his company to Brady, but Brady people will be glad to know that after this engagement Brady will be included in the regular itinerary of the show and that it will be here each season.

The Saddler Show will be in Cameron beginning Monday February 12. What has been said of the Saddler Show in Brady will no doubt find echo in the estimation of show goers in Cameron.

COTTON REPORT.

There were 44,080 bales of cotton, counting round as half bales, ginned in Milam County, from the crop of 1922 prior to January 16, 1923, as compared with 22,106 bales ginned to January 16, 1922.

Your very truly,
BASIL MCGREGOR,
Special Agent Cotton Milam County.

EVANS' Corner

This corner is devoted to business, politics and general news.

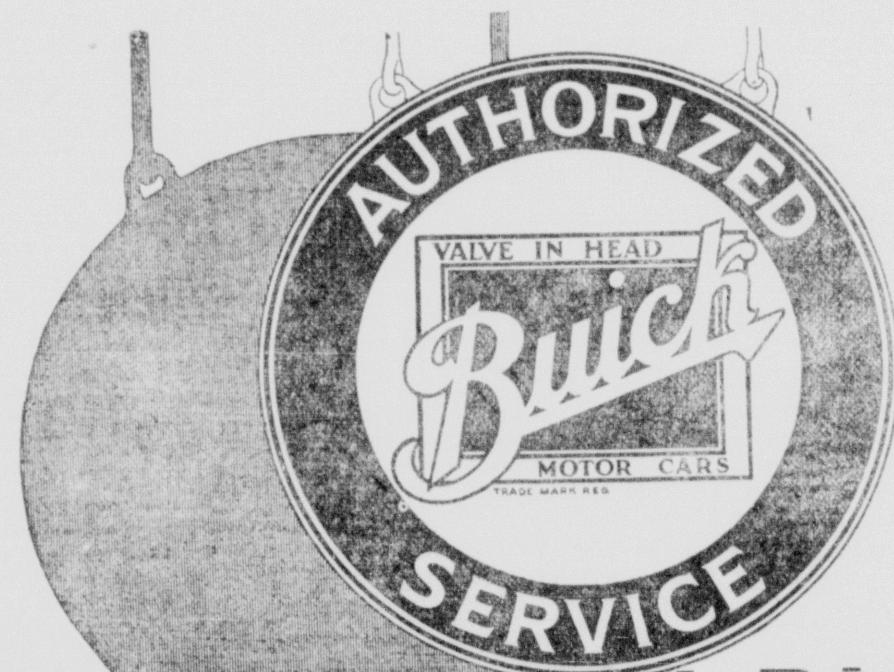

For sometime this corner has been telling you about the great number of defective eyes. In some of the factories it has been found after careful examinations that more than 60 per cent of the employees had defective vision, and after they had glasses fitted that the efficiency was increased 10 per cent.

We now come right down to our own little city and read in last week's paper that in the Grammar school 75 per cent of the children have defective vision. It is possible to say the least, that this condition accounts in a large measure for the many failures in the last examinations. You have heard it said that "pride goeth before a fall." Pride has kept some of you from having your children's eyes examined—and hence the "fall" in the school work.

We have a room and good equipment for testing eyes, and we feel that we are qualified to give you good service.

SUCCESS

Most every one sends up a prayer
For that thing called success,
That God may send a full grown
share.

His life on earth to bless.
But each one has a different thought
Of what success may mean,
And oft forgets its self wrought
From all you've done or seen.
It's doing just the best you can
In everything you do,

Then treating right your fellow man,
To God and self—not too fast—
But holding fast to friends,
Then from each day that's past
To shape your aims and ends.
It's looking high and aiming true
In every plan you make,
Then working hard to help them
through

By shunning each mistake,
It's playing fair and keeping sweet
No matter what befalls.
It's giving up your soul complete
Wherever duty calls.

It's looking up to heaven above,
Then thanking God for power;
It's living much with Faith and Love
To bless your life each hour.
It's looking much for joy and mirth
And not so much for sorrow,
It's making better this old earth
To-day—again tomorrow.

It's making here an honest name
By serving those in greatest need,
Far better than a world-wide fame,
As leader of some selfish creed.
It's loving, serving every day
Those met in dire distress;
It's living here your NOBLEST WAY
These things make true success.

ST. RITA'S CIRCLE

The ladies of the St. Rita's circle met at the home of Mrs. E. O. Schiller last Thursday afternoon, about 18 members were present. The afternoon was devoted to business. After the session delicious refreshments were served. The next meeting of the circle will meet at the apartment of Mrs. E. E. Sullivan at the Stallworth Home on Thursday, February 8th.

HISTORY CLUB

The hospitable home of Mrs. W. O. Triggs was thrown open Wednesday afternoon to the History Club. Her beautiful home was made especially attractive by the riotous color of huge baskets of roses, geraniums and jardinières of graceful ferns in every point of vantage.

This was truly a social meeting and at roll call a full membership an-

swered with short sketchy stories on subjects which had been previously assigned them, after which a charming little story was handed each guest and asked to fill out blanks, which had been left, with the names of some literary authors. This brought out many fine papers when graded, and was the chief diversion of the afternoon.

Mesdames Wm. Rogers, Alex Triggs charmingly assisted the hostess in serving her guests a delectable course with ices, Mesdames Wm. Rogers, R. D. Brown, Claude Triggs, Howard Baskin, Albert Triggs, Ira Key, Alex Triggs, Misses Lucile Dickard and Francis Smith were pleasant guests beside the club members.

BAPTIST AUXILIARY.

Circle four of the ladies of the Baptist Auxiliary met in the home of Miss Alice McGehee, Mrs. Don Slocomb as hostess and Mrs. W. B. Skelton as leader. The afternoon was spent in study and social conversation. The hostess served a delicious refreshment plate. Owing to so much illness and bad weather, there were no meetings of the other circles.

METHODIST MISSIONARY.

This being the fifth Monday the Methodist Missionary society spent the afternoon in visiting the shut-ins and sick members. Quite a number of visits were made and many beautiful flowers given.

BRIDGE PARTY.

A charming hospitality of the past week was the bridge party given Friday afternoon by Mrs. J. L. Clinton at her pretty home on East 13th. The rooms were artistically decorated with roses and ferns from her own garden and arranged for convenience and pleasure. This was a "gingham bridge party." A color scheme of pink, blue and lavender was carried out in the different appointments. Table covers were of dainty checked gingham in the pink, blue and lavender. Table cards were checked gingham sunbonnet girls made in prevailing color, while score pads were of same shade in solid gingham.

At the expiration of a number of hotly contested games of the three tables, high score was awarded to Miss Beth Jeter, which was a pretty, dainty checked gingham handker-

chief in the color motif. Consolation prize fell to Mrs. Geo. T. Moore, a pretty lavender gingham apron.

At the conclusion of the games the hostess, assisted by Mrs. W. A. Bonds and Miss Maurine Clinton, regaled her guests with jelly chicken patties, pear salad, bread and butter, sandwiches, crackers, olives and hot tea. Plate favors were tiny dolls dressed in gingham aprons. Guests beside the club members were Mesdames Paul Webb, B. F. Bonds, Alex Triggs, W. A. Bonds, Henry Hefley, Misses Francis Smith, of St. Louis, and Anna Lorenz.

EASTERN STAR MEETING.

There was an interesting call meeting of the Eastern Star Chapter Monday afternoon. The object of the meeting was to receive Mrs. Nettie Berry, Assistant District Deputy Grand Matron O. E. S., of Temple, who came down to inspect the work of the local chapter, and while here the chapter initiated two new members, Mesdames Cora Balhorn and Susie Sloan, and exemplified the work, receiving much praise from Mrs. Berry in the manner the degree was given.

There was a social hour at which time a delicious salad course was served consisting of chicken salad, bread and butter sandwiches, pickles, crackers and hot chocolate topped with whipped cream.

ARE YOU SELLING MACHINERY OR TRANSPORTATION?

The automobile was first a wonder, then an intricate, expensive technical machine—then the rich man's plaything. Today it has become an individual transportation unit of dependable, day-by-day efficiency.

The first steam engine was a wonder, then a laboratory exhibit. Next a spectacular puller of stage-coaches on wheels. Today it is the great mover of people and goods in the mass.

In the final stage of every-day utility the railroad offers freight service, express service, ordinary passenger service, and Pullman service.

The great bulk of railroad transportation is by freight for goods, and by day-coaches for people. For the few who want and can afford more movement of goods or more luxury for personal transportation there are

the express service and the Pullman coaches. But the big revenue is from freight and ordinary transportation.

It is also in the field for transportation of individuals and small units of merchandises.

The big business (85 per cent of it) is done in the automobiles built for ordinary commercial service, and ordinary passenger service. The big selling is of transportation service and not merely of machines.

Chevrolet leads among low-priced modern cars because it is built "for economical transportation" and delivers it every day.

To Stop a Cough Quick

Take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissue. A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey is added to the throat combined with the healing effect of Groves' O-Pen-Trate salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the complete treatment is 25c.

Just ask your druggist for HAYES' HEALING HONEY.

He Finds Relief After Two Years

George Cartey Is Freed Of Stomach Trouble of Long Standing—Gives Tanlac Full Credit.

"Tanlac has given me so much relief after I had suffered such a long time, that I can hardly find words to fully express my gratitude," declared George Cartey, 173 Broad St., Spartanburg, S. C., well-known machinist for the Spartanburg Cadillac Co.

"For about two years I was in such wretched health I could scarcely do any work. I had stomach trouble all the time, and after every meal I would bloat up with gas till I could hardly stand it, and sometimes at night this trouble would make me so nervous I could not sleep.

"I read in the paper where Tanlac had helped others, and I thought maybe it would do me some good. I can say it has helped me wonderfully. My stomach is getting in fine shape, my appetite is good, I sleep soundly

and am picking up right along. My confidence in Tanlac is unbounded." Tanlac is for sale by all good druggists.

Over 35-million bottles sold.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 35c.

BAKER BILL BEING OPPOSED BY HEAD LIVESTOCK COM.

BOOG-SCOTT SAYS BILL DETRIMENTAL TO BEST INTERESTS OF INDUSTRY

Austin, Texas, Jan. 31.—J. E. Boog-Scott, chairman of the livestock sanitary commission of Texas, said tonight that a bill introduced today by Baker of Milam and signed by thirty-eight other members of the Legislature, would "permit the return of tick infection to many counties which are now clean, if it should become a law." He expressed vigorous opposition to the bill and said it should be defeated.

Another statement was that Dallas County "could again be infected" and that "members of counties practically clean had signed the measure." It would take away certain powers of the Live Stock Sanitary Commission and vest them in the county, which could do as it pleases, he declared.

The new measure reads as follows: Section 1. The owner or caretaker, or any agent for the owner or caretaker, for any live stock coming within the provisions of this act, and in county placed under quarantine under the provisions of this act, shall never theless be entitled to remove such cattle from such quarantined county to any point in Texas by the most direct route, if desired, as follows:

"Such person, firm or corporation, or the agent or any such person, firm or corporation, may remove or cause to be removed such cattle coming within the provisions of this act by giving to the County Judge of the county in which such cattle are located, notice of such intention to remove such cattle. The county judge may inspect or cause such live stock to be inspected, and if found to be infected with ever-carrying tick, said County Judge, or such person so appointed by him, shall give notice in writing to the transportation company over whose road or roads such cattle are intended to be transported that such cattle are so infected and not to transport the same, but if such cattle are found to be free from the fever-carrying tick, said owner or caretaker, above mentioned, shall be allowed to transport such cattle as above provided, and the carrier shall be permitted to accept for shipment, such cattle without any liability under the provisions of this act. Provided further that after the owner or caretaker has given such notice to the County Judge of his intention so to transport said stock, and no inspection is made within five days from the date and hour of such notice then such owner or caretaker shall nevertheless be entitled to transport such cattle as above provided by dipping or causing to be dipped said cattle as provided by law, and by immediately loading on board ready for shipment and any carrier in this state shall be permitted to accept for shipment any cattle or other live stock from any county under quarantine in this State if the owner or caretaker makes affidavit that such cattle have been dipped as required by law within twelve hours immediately preceding the time of loading, provided that no notice has been given by the County Judge or the person appointed by him to inspect such cattle, not to accept the same after examination has been duly made and the cattle found to be infected with fever-carrying tick."

CAMERON SHRINERS IN DEFINITE ACTION SOON TOWARD FORMING CLUB.

Definite action towards the formation of a local Shrine club will be taken soon, according to several of the most active Shriners of Cameron. There are upward of fifty local members of the various Shriners in Texas, the most of whom are of Karen Temple, Waco. In addition to several chapter members of Karen, there are four Cameron Shriners that play regularly in the Karen band, and another who will soon join the band. Included in the list of locals are four doctors, two dentists, seven bankers, two judges, and sixteen merchants. Among these are several who have been Shriners for more than twenty years.

R. B. Redfield joined the Ben Hur Temple at Austin twenty-two years ago when the fee was only \$25. T. F. Hardy, president of the Cameron State bank, and R. D. Brown, manager of the Cameron compress, have been Shriners for more than twenty years. Since the organization of the Karen Temple in 1919 more than a score have been made Shriners, the last class of novices containing two Cameron men, now considered Cameron's "baby Shriners," namely S. A. Cottle and Geo. McGhee.

SHERIFF'S SALE.

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 11th day of January A. D. 1923, in a certain cause wherein the City of Cameron is plaintiff and S. E. Brown is defendant, upon a certain judgment rendered in said Court on the 10th day of October 1922, in favor of said City of Cameron, Plaintiff and against the said S. E. Brown, defendant for the sum of Twenty-Six and 48-100 (\$26.48) Dollars and interest thereon at rate 6 per cent per annum from date of said judgment together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in February 1923, the same being the 6th day of said month, at the Court House door, of said Milam County, Texas, in the City of Cameron between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, proceed to sell to the highest bidder for cash in hand, all right, title and interest of S. E. Brown in and to the following described real estate, levied upon as the property of S. E. Brown, viz:

All that certain 1-4 acres of land on the D. Monroe grant in City of Cameron, Milam County, Texas, and being all of the 2 acre tract, beginning at a point in the S. side of Cameron and Rockdale public road where the N line of the H. F. Smith 5 acre tract crosses said road; thence N 83-3-4 E 130 vrs with S side of said road to center of the branch from which a White Oak mkd "X" brs S 14 3-4 vrs; thence S 21 3-4 E 78 to cor from which a locust tree brs S 62 E 12 3-4 vrs; thence S 44 W 60 vrs to the line S 46 W 160 vrs to the place of beginning, same and except 6 acre heretofore conveyed by F. P. Ponder to the City of Cameron on 12th day of Sept. 1913 by deed recorded in Book 90 page 598 deed records of Milam County, Texas, and is the same tract conveyed to Mrs. J. D. Morton by F. P. Ponder on October 1st 1918 by deed record in Vol. 146 page 376 of the deed records of Milam County, Texas, to which deed and records reference is hereby made for a more particular description. Reference is also made to a deed recorded in Vol. 148 page 325 wherein said land was conveyed

to S. E. Brown by Mrs. J. D. Brown on January 7th, 1919.

Subject, however, to the right of redemption the defendant or anyone interested therein may have and subject to any other and further rights the defendant or anyone interested therein may be entitled to under the provisions of law.

Said sale will be made by me, as aforesaid, to satisfy the above described judgment, and the proceeds of said sale will be applied to the satisfaction of said judgment, foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the State of Texas, together with interest and the costs of suit and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the Defendants right to redeem said property in accordance with the laws of the State of Texas in such cases made and provided.

Given under my hand this, the 11th day of January A. D. 1923.

DRUE S. ROGERS,

Sheriff of Milam County, Texas.

By H. H. Hartsfield, Deputy.

NOTICE IN PROBATE.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of Floyd Martin Hogan, Ima Dovie Hogan, Henry Dubley Hogan, Minors; Mrs. Lura Smith has filed an application in the County Court of Milam County, on the 22nd, day of Sept. 1922, for Letters of Guardianship, in the estate of Floyd Martin Hogan, Ima Dovie Hogan and Henry Dubley Hogan, Minors; which said application will be heard by said Court on the 5th, day of Feb. 1923, at the Court House of said County, in Cameron, Texas, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

At all druggists.

CLEOPATRA'S BEAUTY SECRET

Cleopatra knew that to have a fresh fine skin, thorough cleansing was necessary. She knew that the gentlest means must be employed. She used Palm and Olive oils.

The crude combination of these oils which was the best even royalty could command, is today brought to perfection in Palmolive.

Every girl can have the radiant healthy skin which is the foundation of all beauty. Intelligent care is the secret—thorough cleansing the basis.

Unless thoroughly cleansed with soap and water, the skin becomes sluggish and inactive. The tiny pores clog with dirt, oil secretions, perspiration, rouge and powder, and blackheads and other blemishes result.

Woman who fear it have been using the wrong soap. A pure mild soap causes no irritation.

Palmolive, with its creamy mild lather is lotion-like in its action. It soothes while it cleanses; it freshens, revives and stimulates and leaves the skin delightfully fresh and rosy.

You can buy Palmolive Soap at all first class groceries and drug stores.

is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition. HALL'S CATARRH MEDICINE is a Treatment consisting of an Ointment, to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds." Sold by druggists for over 40 years. F. J. Cheney & Co., Toledo, O.

Free Flower Seeds

You will be glad to know that Hastings', "The South's Seedsman," will give away about 2,000,000 packets of seed of the South's most popular flowers this spring.

There is nothing in the home that can compare with rich colored flowers. They brighten us all up and make any house attractive. You can't plant too many flowers and this opportunity to get Shirley Poppies, Everlasting Flowers, Zinnias, Cosmos and Mexican Burning Bush absolutely free, is certainly to be welcomed by all readers of this paper.

You can get them! Just write to Hastings' for the new 1923 Catalog. It tells you how to get flower seeds free. It has 100 pages of beautiful photographic pictures and correct descriptions of garden flower and field seeds, bulbs and plants, and also is full of helpful information that is needed almost daily in every Southern home. It's the most valuable seed book ever published and you will be mighty glad you've got it. Just write and ask for the new Catalog.

PAVING ADVOCATES PLAN A BIG RALLY FOR FRIDAY NIGHT.

(Continued from page one)
is considered an authority on the subject of paving, is an excellent and entertaining public speaker and will give actual facts as to the cost and will submit definite plans that should be pursued.

The citizens of Cameron are anxious to learn the true facts and do not want unauthentic statements. Mr. Dozier has been invited to come here by the Commercial Club in order that our citizens can view the question from all angles and vote for the best interest of themselves and Cameron.

At a meeting of the Cameron Commercial Club committee Tuesday on street paving, resolutions were adopted assuring their support to any necessary movement that may be taken in the future for the maintenance and upbuilding of Cameron's schools.

RETAIL MERCANTS AND COMMERCIAL CLUB PROMOTERS.

(Continued from page 1.)

sale and wish to trade in livestock or to buy from the merchants will miss a great opportunity if they do not make their plans for this great day.

One of the features of the day will be the Auction block. It is possible that the arrangements for this feature will not be as complete on the first day as thereafter but all who have stuff for the auction will certify same to the secretary of the Retail Merchants Association on or before 10 a. m. on Trades day. Merchants will be asked in the future to contribute some article of merchandise for the block to give the farmers and others an opportunity to buy at auction prices.

"Home Prosperity" campaign will also be carried on. Three one dollar bills are to be given away free. They are to be given by the First National Bank, Citizens National Bank and the Cameron Herald. To each of these bills will be attached a note of explanation and these dollars are to be given to the first farmer who clips the advertising from the trades day bill or ad in the Herald and presented at the banks and the office of the Herald.

The farmers will take the dollar and spend it, either paying a bill or buying something he needs. The dollars must remain in Cameron. A slip to be signed by each who receive this dollar in the course of its circulation, will accompany each of the three dollar bills. This slip is to be returned to Chas. A. Sprott, secretary of the Retail Merchants Association at the close of business on Saturday Feb. 10, together with all slips showing the names of those who have received the dollar in the course of business. In this way the value of local circulation of wealth will be given a maximum of emphasis.

Merchants are asked to give bar-

gain prices on this day and it is assured that all will co-operate.

Make your arrangements to come to Cameron next Monday February 5. This day is especially arranged for the benefit of the farmers and people generally of the trade territory. It has the full endorsement of the Retail Merchants Association in a signed communication by J. W. Coleman, president, and the Commercial Club of Cameron.

METHODIST CHURCH

TO BEGIN REVIVAL

SUNDAY FEB. 4TH.

(Continued from page one.)

night by a sermon from Rev. T. F. Weaver, pastor of the Christian church in Cameron. Monday night Rev. H. R. MacFadyen, pastor of the Presbyterian church here will preach and on Tuesday night Rev. R. C. White of the Baptist church here will preach.

Rev. Ira F. Key, pastor of the Methodist church will preach on Thursday night. On Friday night Rev. J. E. Mrgan will arrive for the remainder of the meeting.

Rev. Morgan held a meeting in Cameron in 1922 and is well known to the people here. He is one of the general evangelists for the Texas conference and was formerly presiding elder of the Texarcana district. He is one of the outstanding figures of the church in Texas and for many years has wrought many good works for his church.

Cameron people count it fortunate that they are to have Rev. Morgan back with the church again for another revival.

The meeting will be held in the basement of the church, the auditorium not being ready for the church. An orchestra led by Prof. Paul Medsker will furnish music for the meeting.

Services are to be held each evening beginning at 7:15 and all are invited to attend.

WORLD SUPPLY OF COTTON REPORTED BELOW NORMAL

U. S. DEPARTMENT OF AGRICULTURE IS PLEASED WITH CROP

STATISTICAL POSITION OF STAPLE IS GOOD SAYS REPORT.

Washington, Jan. 27.—The statistical position of cotton is unusually strong, the Department of Agriculture announces in a review of the cotton growing industry for 1922.

"The world supply is so limited," says the review, "that it seems unlikely that the rate of consumption prevailing during the last five months of 1922 can continue. If it does, supplies by the end of the season will have come dangerously near the irreducible minimum, and it should be borne in mind that the 1923 crop will not be available to spinners in any appreciable volume, until well into September."

"However, the financial and economic conditions in Europe are very unsettled and should not be overlooked in considering the 1923 cotton market as America needs European markets for its raw cotton, and to a lesser degree for its cotton goods."

"At present there seems to be some inclination among cotton producers to increase the cotton acreage during 1923 and to put forth special efforts in combating the boll weevil and other insect pests. No doubt the relatively high price of cotton will stimulate such efforts. The feeling seems to be 'more cotton for clothes and less for the weevil.'"

"The beginning of the new year found the cotton growers in the United States in a much better financial condition than they were at the beginning of 1922. At that time a large portion of their debts contracted during the deflation period of 1920 and 1921 were still unliquidated. The very small crop of 1921, when the production dropped far below that of any year of the last two decades resulted in somewhat higher prices during the heavy marketing period of that year, but this brought a measure of relief only to those producers who had succeeded in raising fair-sized crops."

"Because of the small production of 1921, the alarming speed of boll weevil devastation, and the rapidly increasing rate of consumption of cotton by the world's cotton mills, particularly those of the United States, it was realized that an in-

crease in acreage and production in the United States for 1922 was desirable.

"This was particularly true if the world's need for cotton goods were to be supplied and if the supremacy of the United States in the world's cotton production were not to be threatened seriously. Higher prices for cotton and prospects for a market favorable to producers for a crop having a lower cost of production than that of 1921 were the chief stimulating factors towards increased acreage and better cultivation."

The initial acreage was increased considerably and it was reported that more land would have been devoted to cotton at the beginning of the planting season had it not been for the unfavorable planting weather. The continuation of rains was also in a large measure responsible for the abandonment later of a large area originally planted with cotton.

"The crops of both 1921 and 1922 though small, were of relatively high grade cotton, due principally to the favorable weather during picking and the absence of killing frosts until late in the year. In previous years when the boll weevil menace was less threatening, open fall weather meant a large top crop which during some years added greatly to the production. But one of the interesting, and at the same time alarming, features of the crops of the past two years was the almost complete lack of top crops except in a few isolated areas. The dearth of low grade cotton and relative abundance of the higher grades, together with the depletion of stocks of low grade cotton produced in former seasons, are reflected in the steady narrowing of the difference between prices of middling and other grades in the various markets during the year."

"Another interesting and most important phase of the general cotton situation of the past decade is revealed by a comparison of the production of cotton in the United States for the last eight years with the world consumption of American cotton during that period and during the six years prior to the entrance of the United States into the World War."

"Only one of these crops, that of 1920, which amounted to 13,271,000 bales, approached the world's acreage previous yearly consumption of American cotton for the period 1911-12 to 1916-17, and even this crop was nearly 1,000,000 bales below the average consumption for that period. Furthermore the 1920 crop was the only one that was larger than the average world consumption for the eight years 1914-15 to 1921-22."

"The average world consumption of American cotton for the years 1911-12

to 1916-17, inclusive, was 'about 14,300,000 bales and that for the period 1914-15 to 1921-22 was a little over 12,250,000 bales. Therefore, had it not been for the ample carry-over from the 1914 and 1920 crops, all acute shortage of supplies would have been brought about."

"During the early months of 1922 the strike of cotton mill operatives in New England was a drawback to a full consumption in America. Nevertheless, during the 12 months ending July 1, 1922, the consumption in the United States reached 5,009,820 bales, compared with 4,892,672 bales during the previous season. There has been a considerable increase in American mill consumption since the beginning of the new season on August 1, 1922."

"Consumption of American cotton in foreign countries during the 12 months ending July 31, 1922, was about 6,600,000 bales, while during the previous 12 months cotton mills consumed about 6,500,000 bales of American cotton."

"Exports of cotton from the United States reached a total of 6,184,000 bales during the season 1921-22, compared with 5,745,000 bales during 1920 and 1921. A comparison of exports of cotton during recent cotton seasons with pre-war seasons shows strikingly the reduced buying and consuming power of foreign nations for American cotton. The average yearly exports from the United States during the period 1909-1910 to 1913-1915 amounted to 8,500,000 bales, including linters."

"The final crop estimate and the reports of ginnings during the last two months of the year fully confirmed what the trade had previously anticipated and feared. The crop was another failure and the supply situation more acute than for many years. The highest prices of the year were recorded during the last week in December."

"Much of the producers' cotton of the 1922 crop was sold early in the new season, not at the highest prices of the year, but at the prices which, when compared with the cost of producing the crop, were better than had been received since the inflation period of 1919 and 1920. Reports from the South indicate that many old debts have been liquidated and that those farmers who succeeded in raising a fair crop were generally, in a better position financially than they were at the beginning of 1922. A considerable quantity of the 1922 cotton was turned over to the co-operative marketing associations for marketing, and it has been reported that a portion of this cotton is being held for higher prices."

SHERIFF'S SALE.

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 11th day of January A. D. 1923, in a certain cause wherein the City of Cameron is plaintiff and S. E. Brown is defendant, upon a certain judgment rendered in said Court on the

10th day of October 1922, in favor of said City of Cameron, Plaintiff and against the said S. E. Brown, defendant for the sum of Twenty-Six and 48-100 (\$26.48) Dollars and interest thereon at rate 6 per cent per annum from date of said judgment together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in February 1923, the same being the 6th day of said month, at the Court House door, of said Milam County, Texas, in the City of Cameron between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, proceed to sell to the highest bidder for cash in hand, all right, title and interest of S. E. Brown in and to the following described real estate, levied upon as the property of S. E. Brown, viz:

All that certain 1-4 acres of land on the D. Monroe grant in City of Cameron, Milam County, Texas, and being all of the 2 acre tract, beginning at a point in the S. side of Cameron and Rockdale public road where the N line of the H. F. Smith 5 acre tract crosses said road; thence N 89-3-4 E 130 vrs with S side of said road to center of the branch from which a White Oak mkd "X" brs S 14 3-4 vrs; thence S 21 3-4 E 78 to cor from which a locust tree brs S 62 E 12 3-4 vrs; thence S 44 W 60 vrs to the line S 46 W 160 vrs to the place of beginning, same and except 6 acre heretofore conveyed by F. P. Ponder to the City of Cameron on 12th day of Sept. 1913 by deed recorded in Book 90 page 598 deed records of Milam County, Texas, and is the same tract conveyed to Mrs. J. D. Morton by F. P. Ponder on October 1st 1918 by deed record in Vol. 146 page 376 of the deed records of Milam County, Texas, to which deed and records reference is hereby made for a more particular description. Reference is also made to a deed recorded in Vol. 148 page 325 wherein said land was conveyed to S. E. Brown by Mrs. J. D. Brown on January 7th, 1919.

Subject, however, to the right of redemption the defendant or anyone interested therein may have and subject

to any other and further rights the defendant or anyone interested therein may be entitled to under the provisions of law.

Said sale will be made by me, as aforesaid, to satisfy the above described judgment, and the proceeds of said sale will be applied to the satisfaction of said judgment, foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the State of Texas, together with interest and the costs of suit and the proceeds of

said sale to be applied to the satisfaction thereof. Said sale will be made subject to the Defendants right to redeem said property in accordance with the laws of the State of Texas in such cases made and provided.

Given under my hand this, the 11th day of January A. D. 1923.

DRUE S. ROGERS,

Sheriff of Milam County, Texas.

OIL TAX INCREASE PASSED BY HOUSE

PROPOSAL FOR 3 PER CENT TAX ON OIL GOES TO SENATE BODY.

Austin, Texas, Jan. 30.—The house last today engrossed and finally passed the bill by Representative Coffee, et al, with two amendments, assessing a general tax of three per cent on gross receipts from oil production in Texas. Under one of the amendments, offered by Representative Bonham of Beeville, the entire proceeds from the tax, estimated at \$5,000,000 annually will go to the available public school fund. The other amendment by Representative Satterwhite, of Carson, fixed the tax rate at three per cent instead of five per cent, as provided in the original draft of the bill.

Passage to engrossment came after efforts had been made both to increase and reduce the three per cent rate. Representative Burmeister of McMullen offered an amendment providing for a two per cent rate. This lost 22 to 99. Representative Patman of Linden presented a substitute amendment fixing the rate at four per cent. This was voted down 32 to 94. The Satterwhite amendment then carried, 105 to 22.

The vote on engrossment came shortly after 4 o'clock after continuous debate since 10:30 o'clock, with a two hour recess for lunch. Opposition to the measure was based on the amount of the tax rather than on the tax itself. Opponents maintained that three per cent was too much and would work an untold hardship on the oil producing industry; advocates of the measure contended that the industry could easily bear the increased burden an cited figures to show the alleged healthy financial condition of oil companies now operating in Texas.

The vote on engrossment was 113 to 16. Representative Coffee immediately moved to suspend the constitutional provision requiring bills to be read on three separate days and to place the bill on final passage. The motion obtained the necessary four fifths majority vote, and just before vote on final passage. Representative Bonham sent up his amendment, which carried, 84 to 38. Little opposition was voiced on the amendment. Representative Smith of Austin, favored a fifty-fifty division of the tax proceeds between the school fund and the general revenue fund. Had the amendment not been attached, twenty-five per cent of the proceeds would have gone to schools and the remainder to the general fund.

The vote on final passage was 109 to 11, with the following voting no; Avis of Wichita Falls, Gipson of Wichita Falls, Lamb of Mexia, Loftin of Henrietta, McFarlane of Graham, Maxwell of Port Neches, Morgan of Liberty, Stewart of Reeves, Stierberg of Port Lavaca and Patterson of Cisco.

The bill now goes to the senate where its fate is doubtful. Some members of the senate are known to oppose an increase in the 1½ per cent tax on oil which has been in force the last two years. It is believed, however, that in view of the state's acute financial need these members can be prevailed upon to vote for a slight increase in the rate, but whether they will look with favor upon a one hundred per cent increase, as provided in the house bill, remains to be seen. Proponents of the bill are hopeful the senate will take up the measures some time this week.

This is the first revenue measure to pass the house. Other measures assessing income, severance, cold drink and gasoline taxes are pending.

The bill by Representative Arnold of Houston to create a pension fund for fireman and policeman in cities and towns maintaining fire departments was favorably reported by the committee on municipal and private corporations. A similar bill in the senate was reported adversely. The house committee on state affairs reported unfavorably the bill by Representative Abney of Marshall to consolidate with the new insurance depart-

ment the industrial accident board and the fire insurance commission.

TEEGERSTORM SHOWS UP IN LOUISIANA AND IS PUT UNDER ARREST

New Orleans, La., Jan. 29.—Harold Teegerstorm, 19 year old timekeeper at the Southern Carbon company's plant at Spyker, La., who mysteriously disappeared Dec. 29, was arrested at Spyker late today according to a telephone message received here tonight by T. Semmes Wamsley, assistant attorney general, from Sheriff Fred Carpenter of Morehouse parish.

Teegerstorm, who is wanted by the state as a material witness in the coming grand jury investigation into masked band activities in Morehouse parish, was immediately taken before Judge Fred I. Odem, at Bastrop, and released on \$500 bond.

Monroe, La., Jan. 29.—Harold Teegerstorm, timekeeper at the Spyker plant of the Southern Carbon company who disappeared shortly before the state's open hearing into activities of masked men in Morehouse parish began at Bastrop, suddenly appeared here today. Federal and state officials had conducted an intensive search for Teegerstorm in order that he might testify at the Bastrop hearing.

Teegerstorm was reported as missing Dec. 30. Two days later he appeared at the home of Henry Jones, near Bastrop, and said he had been called into the yard, where he saw an automobile filled with strangers and fearing harm, fled. He borrowed \$40 and a suit of clothes from Jones and disappeared. Teegerstorm's brother testified at the Bastrop hearing that he had received on Jan. 12 a note from Harold stating he was alive and would appear at the proper time and testify for "Mr. Jeff." The brother explained that "Mr. Jeff" was T. Jeff Burnett, an employee of the carbon plant, who is at liberty under \$5,000 bail after having been arrested on a murder charge in connection with the slaying of Daniel and Richard.

Teegerstorm said that he went away voluntarily and that neither the state nor federal officials nor the Ku Klux Klan was aware of his whereabouts.

Teegerstorm was the object of an ovation in the gas fields among his fellow workers of the gas fraternity this afternoon. The boys of the gas belt crowded around him and wanted to know where he had been, why he had left and what he proposed to do. Teegerstorm was more or less of a hero among them all and apparently enjoyed his triumphs. He was inclined to be reticent and seemed to be more fearful of reporters than of others.

EXAMINATION FOR PUBLIC COTTON CLASSERS TO BE HELD IN TYLER.

The Tyler Commercial College has arranged with the chairman of the Examination Board for Public Cotton Classers for an examination to be held in the Cotton Classing Department of the Tyler Commercial College between March 15th and April 15th. A very large number of cotton classers have already arranged to take this examination. The school will furnish all necessary supplies: such as, samples, stationery, etc. A special five weeks course has been arranged to especially prepare applicants for this examination. Those interested will please write or wire Tyler Commercial College, Tyler, Texas for further information.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of
Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand.

"I was very nervous, and could not eat. I didn't feel like eating. I grew thin, and did not have ambition for anything.

"I had been trying other remedies . . . but did not get any better.

"Some one told us of Cardui, and it was recommended for. I also

SHELL-SHOCKED VETERAN ONCE WEALTHY, FOUND BY CORPUS LEGION PENNILESS

Corpus Christi, Tex., Jan. 29.—After having spent \$300,000 in the past few years, Clarence C. Dodge, a former service man, who was found here in an unconscious condition Thursday afternoon suffering from shell shock, will be aided by the local American Legion post, who will send him to a Government hospital for further treatment. When found, Dodge was penniless.

The story as told by local Legionnaires Friday is one of the havoc wrought by the war upon men who were wounded in the front-line trenches. Dodge, it is said, was a second-year student at Harvard when the United States entered the war. He enlisted, and served in the army for three years most of which time was spent in France. Suffering from a severe case from shelling, he was sent from hospital to hospital. When found, he had in his pockets a discharge and a transfer from a government hospital in New York to the Speedway Hospital in Chicago.

Dodge was never discharged from the Chicago hospital, it is said. On his transfer papers was the notation "condition unimproved." He reached Corpus Christi Wednesday from Chicago, having been on the road from Chicago for more than two weeks.

A native of New York, Dodge is said to have a brother and sister in the East, but he refused to give their names or addresses, since he was unwilling to ask them for assistance, despite the fact that he had spent his last cent, and was unable to work.

THORNDALE DRY GOODS AND GROCERY COMPANY IN HEALTHY CONDITION.

The stockholders meeting of the Thorndale Dry Goods and Grocery Company, held last Friday, resulted in very cordial relations springing up between the shareholders and the management of the business headed by Mr. Wm. Taegel. The business has weathered the flood conditions of the past and the ravages of drought and the boll worms and boll weevils and

has gathered strength and renewed health until at this time the business was declared to be enjoying robust health with prospects of a greater development and growth the coming year than ever before. The management was complimented upon the efficient manner in which the business has been conducted.

The following officers and directors, the same as before, were elected to serve the ensuing year. Wm. Taegel, President; W. I. Bownds, Vice President; Carl Werner, Secretary; Joe B. Kruesch, J. D. Bolding.—Thorndale Champion.

NOTICE TO THE PUBLIC

With the work of installing the street lights practically complete it is believed the part of precaution to discuss their relation to traffic problems and to urge the people to give the officers the best possible co-operation.

Car drivers who have been accustomed to driving in the town district may find until they have become accustomed to the light poles, difficulty in turning at the intersection but the fact that these light poles are to be used for directing traffic will in time make them a great asset to the city.

The city does not feel it necessary to say that all must "drive to the right." This admonition has been synonymous with traffic regulations always and the officers believe all who are permitted to drive cars know in advance that these light poles are silent directors of the traffic and request that all observe the regulations rigidly so as to avoid accidents and the necessity of making complaints.

The lights are a distinct departure for Cameron in the way of street lighting and the city is proud of them

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

and believes the citizens are mindful of their usefulness as well as improvement to the appearance of the city.

Automobiles cannot be driven fast in the business district both because of the traffic regulations and the laws against speeding. The officers desire to call these matters to the attention of the public so as to avoid accidents and to enforce a more orderly handling of the traffic. Failure to drive to the right and the practice of cutting corners will lead to accidents but with every one co-operating the traffic problem can be solved.

Care in driving in the business district is desirable not only as a means of avoiding accidents but will protect the light poles from damage by accidents. Motorists are therefore urged to observe all the regulations such as turning around the poles and keeping to the right.

BEGGAR TRAVELS IN SIX CYLINDER BUICK

FALSE POVERTY GAME OF THREE UNCOVERED IN ROCKDALE.

It is said that "a sucker is born every minute," and the present horde of beggars that infest Texas goes a long way towards proving the statement. A recent occurrence right here in Rockdale furnishes a good example, to-wit:

On a recent Saturday morning a blind man stood on a certain corner in the business district, singing, while his two "daughters," apparently aged about 14 to 18 years, passed around tin cups for alms. As usual in such cases they received any number of contributions. They worked fast and did not overlook anyone.

H. H. Turner, Post Adjutant of the local Post, American Legion, recognized the blind man as one he'd seen at "beggars' headquarters" in San Antonio. When approached by the elder girl Mr. Turner, instead of contributing, asked her several questions, one of which was why it was necessary for a girl of her apparent age and good health to beg. Instead of answering him she left the store where the incident occurred and hastened back to the corner where the blind man and the other girl were. Mr. Turner followed and observed the ensuing conference held by the trio, all three of whom immediately left the business section and proceeded west on Cameron street. Mr. Turner followed them as far as the city hall and noted that they joined a healthy young man who was seated in a big Buick Six parked on the side street near The Reporter office. All three entered the car, the young man stepped on the starter, and the quartette left town to try their luck in some other town where the picking might be better.

Beggars traveling in six-cylinder automobiles ought to be investigated. In fact, in this day it might be a good idea to investigate any beggar before contributing too liberally towards his support.—Rockdale Reporter.

PEDDY WILL FILE PROTEST IN SENATE.

Dallas, Jan. 29.—George E. B. Peddy, defeated candidate of the fusionist forces of Texas for United States Senate last November, will personally file a protest against the seating of Earle B. Mayfield, Senator-elect, with the Senate before March 4, it was said here Friday. Peddy was in Dallas conferring with Luther Nickels. It was said Peddy had been selected to file the protest before Mayfield is seated because he was and is an interested party.

The protest has been prepared, and a copy of it is in the office of Luther Nickels. It is said to be voluminous and recites charges at various hearings and injunctions and claims irregularities in the balloting.

It had been generally supposed that Mayfield would be allowed to take his seat on or immediately after March 4 and the protest, contesting the right to sit in the Senate, would be filed later. The action of Nickels in deciding to file the protest before March 4 was a surprise to many Peddy supporters.

CONVENTION QUESTION.

Austin, Texas, Jan. 29.—The point resolution framed by Representative Henriks of Ellis, proposing to submit to a vote of the people at the next general election in November, 1924 the question of a constitutional convention, is on the house calendar for consideration during the coming week. It is quite likely that this resolution will be adopted, as it makes no pretense of calling a constitutional convention, but is merely to ascertain "the will of the people of the state with reference to the calling of a constitutional convention," to revise, alter or amend the constitution, or frame a new constitution.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small tin of Rowles Mentho-Sulphur and use it like cold cream.

+++++
THE SUNDAY LAW
IS CONSTRUED
+++++
Belton, Tex., Jan. 29.—In response to a request from the Bell County Law Observance and Enforcement League ask for a ruling as to what can be legally sold on Sunday, County Attorney H. Taylor has rendered his opinion. Hotels, boarding houses and restaurants are wholly exempt; market and bakery products may legally sold up to 9 a. m. Funeral or shrouding material, newspapers, ice cream, milk, milk shake, milk chocolate, hot chocolate, malted milk, egg malted milk and all drugs can be sold at any hour of the day on Sunday, the opinion held. No reference was made to gasoline or garages being regarded as substitutes for stock feed and livery stables which the law excepts. A misunderstanding as to the requirements of the law in some places in the county, it is said.

TEXTBOOK INVESTIGATION

Austin, Texas, Jan. 29.—A legislative investigation of the recent awarding of textbooks by the state textbook commission, is expected to be under way during the early part of the week. The house has already adopted the Laird concurrent resolution, providing for the appointment of a legislative committee of five representatives and three senators to conduct the probe, was adopted in the house during week and the resolution has already received a favorable committee report in the senate, and is

expected to come up for adoption Monday in the senate.

The Pope house bill which proposes to extend the present text-book contract for a period of three years, has not only passed finally in the house but has received a favorable committee report in the senate.

Representative Pope said he will call up his companion textbook bill in the house Monday. This is the bill which is designed to prevent the use of any of the free textbook fund to pay for books contracted for under the new contracts.

SHERIFF'S SALE.

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 11th day of January A. D. 1923, in a certain cause wherein the City of Cameron is plaintiff and S. P. Tate is defendant, upon a certain judgment rendered in said Court on the 10th day of October 1922, in favor of said City of Cameron, Plaintiff and against the said S. P. Tate, defendant, for the sum of Two Hundred Thirty-Two and 28-100 (\$232.28) Dollars and interest thereon at the rate of 6 per cent. per annum from the date of said judgment together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in February 1923, the same being the 6th day of said month, at the Court House door, of said Milam County, Texas, in the City of Cameron between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, proceed to sell to the highest

bidder for cash in hand, all right, title and interest of S. P. Tate in and to the following described real estate, levied upon as the property of S. P. Tate, viz:

All that certain lot tract or parcel of land situated in Cameron, Milam County, Texas, and being a part of the W. W. Lewis league and a part of block A of Barton's addition to the City of Cameron; Beginning at the N. E. cor of the lot deeded by Chas. Leverett et ux to F. Huegner on Dec. 21st 1908 by deed recorded in Vol. 66 page 590 Milam County deed records which said point of beginning is on W line of the right of way of the S. A. & A. P. R'y Co. in Belton or Main street in the City of Cameron; thence N 71 W 74 ft 2 in. to W line to the tract of land conveyed S. P. Tate on Feb. 21st 1912 to S. V. Hause recorded in Vol. 108 page 368 deed records of Milam County, Texas, for the N. W. cor of

this tract being the N. E. cor of the said Hause tract; thence N 19 W along the W. line of said Hause tract 150 ft it being the S. W. cor of the tract here described; thence S 71 E 74 ft 2 in. to the S. W. cor of the said Leverett lot on right of way it being the S. E. Cor of the tract here described; thence N 19 E along the W line of said right of way 150 ft to the place of beginning, containing a tract of land 74 ft 2 in. by 150 ft; being the same land described in a deed of trust duly recorded in Vol. 34 page 234 of the deed of trust records of Milam County, Texas, to which deed of trust and records of Milam County, Texas, reference is hereby made for a more particular description.

Subject, however, to the right of redemption the defendant or anyone interested therein may have and subject to any other and further rights the

defendant or anyone interested therein may be entitled to under the provisions of law.

Said sale will be made by me, as aforesaid, to satisfy the above described judgment, and the proceeds of said sale will be applied to the satisfaction of said judgment, foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the State of Texas, together with interest and the costs of suit and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the Defendants right to redeem said property in accordance with the laws of the State of Texas in such cases made and provided.

Given under my hand this, the 11th day of January A. D. 1923.

DRUE S. ROGERS,

Sheriff of Milam County, Texas.
By H. H. Hartsfield, Deputy.

PROMPT
PAY
CREATES
CREDIT

CHARACTER
IS THE
BASIS
OF CREDIT

YOU ARE A DEBT-DODGER

—IF YOU DON'T PAY YOUR BILLS

How Do You Pay--

—YOUR CLOTHING BILL
—YOUR GROCERY BILL
—YOUR DOCTOR'S BILL
—YOUR RENT BILL

YOUR PROMPTNESS IN PAYING THESE BILLS IS A PART OF YOUR CREDIT RECORD—KEEP THEM PAID. DON'T BE A DEBT-DODGER.

Your credit record is available to every member of the Associated Retail Credit Men of Cameron.

The Association is composed of the merchants and professional men who extend you credit when you buy their merchandise or their services. They exchange with each other the experience they have with you, your use or abuse of the privilege of credit.

"The privilege of credit."

Do you know what that means?

It means when you need a suit of clothes, or a lawn mower, or five yards of muslin, or have your teeth fixed, or call the doctor to your bedside, that you don't have to pay cash.

It means (unless special arrangements were made at time the bill was incurred) that the account is due and payable in full upon the first of the following month and must be paid in full not later than the 10th, or else you are slow pay.

Some people fail to realize that clothing bills, grocery bills, physicians' bills and all other bills must be paid promptly. Some apparently pay such bills when they get ready—and they "get ready" months after payment is due.

An appeal to your pride should be sufficient. You buy from your physician and your dentist the thing that you rate as most important of this world's goods—health! The man or woman who does not pay promptly for valuable service and good merchandise ought not and will not be considered a good moral risk at the hands of those who sell service and merchandise.

Retail Merchants Association of Cameron

We Watch your Record. Keep Your Credit Good.
C. A. SPROTT, Secretary.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is
Child's Best Laxative

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little stomach is upset, tongue coated, or if your child is cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it work all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful

child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Your Voice is You

FEW BILLS ENACTED BY LEGISLATURE; PROGRESS IS SLOW

SOLONS GRIND OUT LEGISLATION AT ONLY AVERAGE SPEED.

Austin, Texas, Jan. 29.—Three legislative weeks have gone by since the Thirty-Eighth legislature assembled and during that time the governor has had an opportunity to sign but very few bills that had passed both houses. A hundred new members came into the house of representatives with plans for instantly curing the evils of the state.

Nearly a third of the \$5 a day period has passed and only one or two remedies have been made legislative progress sufficient to indicate the possibility of their being made effective.

It is sadly disillusioned hundred who are now beginning to look back over what they have accomplished and to look forward to the end of the \$5-a-day period.

Already the present session is doomed to be an ordinary, average session in accomplishments.

The Thirty-Eighth failed to make any progress except on one of the five or six big measures it confronted. The session is now so far advanced and the calendars are so full that it can almost be stated with certainty that nothing will be done on the other big measures.

The biggest problem facing the legislature at the beginning was that of additional revenue. Virtually no progress has been made on any bill that could pass, due to the fact that there has been no definite and concerted program adopted.

Bills providing for income taxes, inheritance taxes, severance taxes, gross productions taxes and various others have been introduced and have gotten the legislature in a hopeless wrangle. It is possible, but highly improbable that there can be a union of forces on some bill in time to put it through.

Virtually nothing has been done about the penitentiary system, and is so late in the session now that the chances are slim that anything can be done.

The special session of the Thirty-Seventh legislature planned that this session should enact a law providing for the sale of all the present lands, the purchase of about 5000 acres of land within 75 miles of Austin and the construction of a modern penal institution. It took preparatory steps toward the end of appointing a commission to recommend, prepare and submit the details of that plan.

The governor, the attorney general and the land commissioner composed that commission. The land commissioner has submitted a report carrying out the plan and recommending certain tracts of lands for purchase.

But the governor has submitted a plan to keep more than half the present acreage of the system. With the governor's influence thrown against the plan of the old legislature and with a number of old legislators still favoring the original plans, it seems that about all that will be done by this legislature will be to appropriate a few hundred thousand dollars, besides validating the Brown-Krummer loan of \$750,000.

The next big problem facing the legislature is that of putting the state educational system on a sound basis, and no progress has been made to that end. Of course this problem is more or less interlocked with that of revenue, but Governor Neff recommended the adoption of a definite plan of education and then a production of the revenue to finance the plan. Nothing has been done toward either by the present legislature.

Nor has any emergency appropriation been made for the relief of schools that are closing every week for lack of funds. Nothing has been done to take care of the \$6,000,000 worth of teachers' warrants that are unpaid and which the teachers are being forced to sacrifice at a discount to get money on which to live.

Of course, without funds and without revenue nothing could be done.

This situation recalls last spring and summer when urgent appeals were made for a special session to provide revenue for the schools for 1922-1923. At that time the opponents of the special session said the regular session could make an immediate appropriation in time to save the schools this session. But there is no prospect now that there will be any money forthcoming for the schools before September 1.

Highway legislation was another of the big things that confronted the

legislature. There was a demand for the adoption of a systematic plan for state highways instead of the present county unit plan, but nothing has been done and there is no prospect that anything will be done to lay out four or five trans-state roads that could be completed. Governor Neff said in his address that one could not drive 100 consecutive miles in Texas without getting in a mudhole. There is every prospect that the mudholes will remain.

Law enforcement legislation is another of the needs of the state in the opinion of the governor and many citizens, but virtually nothing has been done to make any important change in the present law enforcement machinery.

The legislature has announced that it will make no effort to pass the appropriation bills, thereby assuring something to take up all the time at a 30-day special session later in the year.

Summed up briefly, the legislature has passed and is getting in shape to pass a few local bills and measures of minor importance, but it is not attacking with the proper degree of deliberation the more important questions.

So far advanced is the session now that the final passage of any of the important measures probably would be brought about by a dangerous haphazard action devoid of deliberation.

Virtually the whole trouble hinges on the revenue question and on that is the greatest diversity of opinion of any measure, and with consequently the least hope of final enactment.

The legislature, both senate and

house took a week end vacation Saturday, and this probably will be the last Saturday vacation of the session except for a possible trip to the Lower Rio Grande Valley about the middle of February. The "play period" of the session is about over from now on the day's session will be no longer and night sessions will begin within a week or two.

**H. L. SKINNER BUYS
M. E. FISHER STOCK.**

Mr. H. L. Skinner of Rogers announces in an ad in the Champion this week that he has purchased the stock and fixtures of M. E. Fisher & Son, dry goods merchants of Thorndale, having taken charge of the business on Monday of this week. He is planning to put on a sale, in an effort to dispose of the entire stock here and avoid the expense of moving it elsewhere. The sale will begin Feb. 1.

Mr. Skinner says he was able to buy the stock at considerably less than invoice price and he is going to put a price on the goods that will move them, and in the shortest possible time. The stock we understand represents about \$30,000.

Mr. Skinner was here Monday, but having recently gotten out of bed from an attack of influenza he suffered a relapse and was forced to go to bed again about noon Monday and the Champion cannot give its readers any detailed account of the new proprietors' plans other than that he expects to make his headquarters here during the few weeks of the sale and in the event the stock is not sold out completely he will move the re-

mainder elsewhere, to Rogers possibly.

Mr. Fisher, the former proprietor, will remain here indefinitely, at least during the sale. After which he expects to leave Thorndale, he having several propositions under consideration at the present time.—Thorndale Champion.

Waco Commercial College

P. H. Burney, President.
Expert Commercial Stenographer
Bookkeeper and Teacher.

Horace Pickett, Secretary
Public Auditor, Expert Accountant.
Endorsed by our Higher Courts.

We daily hear business men say, College graduates can not keep books.

WE GUARANTEE OUR GRADUATES CAN KEEP ANY SET OF BOOKS—EITHER DOUBLE OR SINGLE ENTRY.

WHEN WE PLACE THEM, WE HOLD THEM IN PLACE.

Our Mr. Pickett has been for many years employed by Counties, Cities and many of the largest commercial houses in our State, as Auditor, Adjuster, and Expert Accountant.

WE GUARANTEE quick results in Shorthand, in the easiest, fastest, oldest, most practical, and BEST SYSTEM IN THE WORLD—THE PITMAN.

WHO SAYS THAT?

U. S. Government report shows 1,883 PITMAN writers in the Government employ in Washington. 561 writers of all other systems combined. Which means that over 75 per cent write the PITMAN system. 91 per cent of all Reporters in U. S. write Pitman. All official Reporters of both Houses of Congress write PITMAN. Ninety eight per cent of all official reporters in N. Y. State write PITMAN. Proved by official figures of records of National and State Reporters Shorthand Association. Graham, Barnes, Munson, Dement and thirty-seven others are pure PITMAN.

We do not turn our students over to Subs. We give them our personal attention and TEACH THEM.

DR. TOM DENSON IS CO. HEALTH OFFICER

NAMED TO SUCCEED HIMSELF
BY COMMISSIONERS COURT
HERE

Dr. Tom Denson, Cameron physician and drug dealer, has been named as county health officer by the Commissioners Court to succeed himself.

Only one other applicant was made and that by Dr. Everett.

Mr. Denson has been county health officer for a number of years and during that time has been active in improving the public health and looking after the health interest of the county.

At the time of reappointing Dr. Denson the court reappointed J. L. Adams as manager of the county farm located near the city limits of Cameron. Mr. Adams has been manager of the farm for several years.

ATTRIBUTE THEIR SUCCESS TO
NEWSPAPER ADVERTISING

In an interview today, Mr. Warren Wright, President of the Calumet Baking Powder Company—the largest Baking Powder Company in the World, strongly advocated the use of newspaper advertising, and points to Calumet's success as proof of his statement.

SALE 2 1-2 TIMES AS MUCH.

"Calumet sales are 2 1-2 times as much as any other brand" stated Mr. Wright, "and we attribute this to our lavish use of newspaper space. We believe that the newspaper is the most direct medium we can use in getting our message across to the housewife and we know from our experience covering thirty years, that the housewife will respond to newspaper advertising quicker than she will to any other form of advertising."

NEWSPAPER PROTECT READERS

"The housewives have confidence in newspaper advertisements because they know that the newspapers set up high standards for their advertisers. It is for that reason that the housewife looks to the newspaper for information on products in which she is interested."

THORNDALE MERCANTILE CO.
DECLARE 20 PR. CT. DIVIDEND

At a recent meeting of the stockholders of the Thorndale Mercantile Company a dividend of 20 per cent was declared, thus indicating a very prosperous condition of the business. To reflect upon the economic conditions prevailing during the past three years during the greater portion of which time many large business firms all over the country doing a credit business was threatened with bankruptcy, the showing thus indicated by the Mercantile speaks well for those directing the destinies of the business. And the further fact, as we understand, the business has started the new year with an increase of 50 per cent over a year ago indicating a very healthy outlook for the future.

The Thorndale Mercantile Company has weathered many ups and downs, gone through the years of drouth and the years of plenty rain, and all the while it remains the same "Old Reliable," the poor man's friend and the rich man's favorite. The flag remains over the building at full mast day after day and year after year.

The personnel of the board of directors and the officers remain the same as last year and are as follows:

Gus Newton, president and manager; W. C. Rivers, vice president; W. A. Brown, secretary and treasurer, and Henry Heintze, assistant secretary and treasurer; L. D. Watkins, Nelson Davis, A. O. Williamson, E. A. Miertschin, Jas. O. Newton.—Thorndale Champion.

TYLER COMMERCIAL COLLEGE,
TYLER, TEXAS, HAS A STUDENTS WELFARE DEPARTMENT AND HAS MADE MANY IMPROVEMENTS FOR 1923.

The Tyler Commercial College is being complimented by the Business Men and parents for always looking after the welfare of its students, both young men and women, in the students' boarding homes. In addition to this, the school has employed Mrs. McKenna, a well trained and practical matron of high moral standing; who fully understands her work, to devote her entire time looking after the health and moral and physical needs of the students. One of her duties is to see that the students are placed in homes that are perfectly sanitary and to see that they receive proper food that is properly prepared. Mrs. McKenna's experience and training enables her to do this work in a most satisfactory manner. She

comes well recommended. It is the policy of the school to look out for the welfare of the students without extra cost to the student and this has had much to do with making it the largest commercial school in the country.

The Radio and Civil Service Departments, which have been recently added to the courses taught in the Tyler Commercial College, are growing rapidly. Students are enrolling in these departments every day. One cannot conceive of the great demand at this time for Radio Experts. Radio is the world's newest industry and, in keeping with the high standard of the school, a first class Radio equipment has been installed. Both broadcasting and receiving sets, second, to none, are being used in this Department, for teaching and experimental purposes. The operator in charge holds a first class license, making this station one of the few first class stations in the country. The broadcasting call for Tyler Commercial College Radio Broadcasting Station is WOAF. This school is making a specialty of training young men for government positions as radio operators. The Civil Service Department of the Tyler Commercial College prepares its graduates for examination without additional cost and the school is making a specialty of training students for examinations in the Civil Service lines; such as, Bookkeepers, Stenographers, Typists, Railway Mail Clerks, Rural Carriers, etc.

These courses are all fully explained in the new catalogue, which is just off the press and will be mailed to you upon application. This catalogue also contains information pertaining to the course of Business Administration and Finance, Penmanship, etc., Cotton Classing, Telegraphy.

is a Prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know, preventing Pneumonia.

THE STATE OF TEXAS.

To the Sheriff or any constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of four successive weeks previous to the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in Milam County, Texas, a copy of the following notice.

THE STATE OF TEXAS

To all persons interested in the estate of J. A. Ditto, deceased, and to Samuel Ditto, Wm. H. Ditto, Roy Kornegay, Nell Whitney, Ralph Whitney, Maggie Draper, Ida Harris, Harris, Kate Pearson, Jim Pearson, Baby Ditto and the unknown heirs of J. A. Ditto, deceased:

Geo Ditto, administrator of said estate, after filing an application in the County Court of Milam County, Texas, on the —day of January, 1923, for determination of the heirship of said J. A. Ditto, deceased, for partition and distribution of said estate and for an order of sale to sell for the purpose of paying the debts and expenses of said estate, the follow-

ing described property, to-wit: 7160 feet out of the Alan Donaldson Addition to the Town of Gause, Milam County, Texas, Lot 10 in blk. 2, Lots 8 and 9 and a part of lot 4 in said addition: 57.1 acres of land in the Joseph H. Long Survey n Milam County, Texas, same being all the land owned by said J. A. Ditto in Milam County, Texas

Which said application will be heard in said court on the 5th day of February, 1923, at the court house of said county in Cameron, at which time the above named defendants and all persons interested in said estate are required to appear and answer said application and show causes why such partition and distribution should not be made and why such sale should not be made should they choose to do so, and to answer said petition for the determination of heirship if the said J. A. Ditto, deceased.

Herin fail not, but have you before said court on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness our hand and official seal at Cameron, this 3rd day of January, 1923.

H. M. ROAPE,
Clerk, County Court of Milam County

Free Flower Seeds

You will be glad to know that Hastings' "The South's Seedsman," will give away about 2,000,000 packets of seed of the South's most popular flowers this spring.

There is nothing in the home that can compare with rich colored flowers. They brighten us all up and make any house attractive. You can't plant too many flowers and this opportunity to get Shirley Popples, Everlasting Flowers, Zinnias, Cosmos and Mexican Burning Bush absolutely free, is certainly to be welcomed by all readers of this paper.

You can get them! Just write to Hastings' for the new 1923 Catalog. It tells you how to get flower seeds free. It has 100 pages of beautiful photographic pictures and correct descriptions of garden flower and field seeds, bulbs and plants, and also is full of helpful information that is needed almost daily in every Southern home. It's the most valuable seed book ever published and you will be mighty glad you've got it. Just write and ask for the new Catalog.

WILLIE HARRIS ACCIDENTALLY KILLED BY FALL JAN. 30.

Rockdale was shocked Tuesday by the sudden death of Willie Harris, 19-year-old son of Mr. and Mrs. Walter A. Harris, who met death at the Worley lignite mine about 2:30 p. m., as the result of being run over by his own wagon.

Willie had gone out to the mine with one of the Harris Transfer Co. teams after a load of lignite. He had driven the empty wagon, which was of the heavy army type, up alongside the car being loaded, and was attempting to "spot" his wagon just right. He was standing in the front end of the wagon, backing his team, when the rear wheel came in contact with the car. The jolt caused Willie to lose his balance and he toppled out over the front of the wagon. The team at once moved forward and both front and rear wheels passed across the young man's body before he could get out of the way.

Mine attendants witnessed the accident and came to the boy's assistance. He got up and walked into the engine house, and in response to questions said he didn't think he was much hurt. In a few minutes, however, it was seen that he was badly injured, and he asked that his father be telephoned for, giving his father's phone number. Mr. Harris at once got a car and went out to the mine, but by the time he arrived the boy was unconscious. He was brought to town where medical aid was administered, but to no avail, as he had already ceased breathing.

The funeral was held Wednesday afternoon, interment being at the New City Cemetery.

This death came as a distinct shock to all. Willie was born and raised in Rockdale, and was well and favorably known to most of our people. The Reporter joins in expressions of sincere sympathy to his bereaved parents and relatives.—Rockdale Reporter.

ROCKDALE FARM LOAN ASSOCIATION ELECTS.

At the meeting on January 9th of the stockholders of the Rockdale National Farm Loan Association—which is a member of the Federal Farm Loan Bank of Houston—officers and directors for the ensuing year were elected as follows:

W. W. Kyle, president.
J. C. Harrie, vice president.
C. R. Isaacs, secretary and treasurer.

Directors—W. W. Kyle, W. A. Allcorn, J. C. Hardie, H. M. Camp and C. J. Shelander.

The Association had a prosperous year during 1922, and a dividend of eight per cent was declared, this being the maximum dividend allowed by law. The total membership of the Association is now 48, the capital stock being \$4,735.00.

During 1922 the sum of \$29,300 was loaned to farmers in this county, the rate of interest being 5 1-2 per cent. The financial statement of the Association shows that there are now sufficient funds in the treasury to take care of other loans, and it is suggested that farmers desiring to get out from under eight per cent paper investigate the farm loan plan of this Association. Any of the officers or directors above named will be glad to explain the same to prospective members.

President Kyle has promised the Reporter an illuminative article on the plan for an early issue, and we also expect to carry shortly some dis-

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening Invigorating Effect.

play advertising which will further bring the Farm Loan Bank into more general understanding by our readers.—Rockdale Reporter.

HOME INDUSTRY**ON THE FARM**

"The Southern farmer gets up before daybreak at the alarm of a Connecticut clock. He butters his Chicago suspenders to his Detroit overalls, and washes his face with Cincinnati soap in a Pennsylvania pan. He sits down to a Grand Rapids table and eats Chicago meat and Indiana hominy, cooked in a Kansas City pan on a St. Louis stove. "He puts a New York bridle on a Kentucky mule, fed with Iowa corn, and plows his farm, covered by an Ohio mortgage, with a Moline plow. "When bed time comes, he reads a chapter in a Bible printed in Boston, says a prayer written in Jerusalem, and crawls under a blanket made in New Jersey, to lay awake all night and listen to the howls of his cur dog, the only home product on the farm. Then he wonders why he cannot make more money raising cotton."

COMMERCIAL CLUB

Regular meeting Cameron Commercial club, Friday night, Jan. 26, 1923.

Roll call showed the following present: Officers: R. H. McIntosh, vice-president; Moulton Cobb, secretary. Directors: J. W. Coleman, Robert McLane, W. G. Gillis, W. M. Cobb, C. R. Phillips, C. W. Bradbury, Geo. T. Graves.

Committee chairmen: C. A. Sprott, S. A. Cottle.

Minutes of last session were read and with one correction being made were approved.

Geo. T. Graves, chairman of the good roads committee, reported that the Tracy-Davilla road was badly in need of repairs, and suggested that the commissioner of that beat be seen and action be taken for improvement.

W. G. Gillis, also of the good roads committee, said that a contract had been let to Cook & Arrington of Crockett to build the Hanover-Milano road. He also mentioned other improvements being made in the Gause section.

The matter of having a style show in Cameron was brought up and freely discussed. The matter met with popular favor, and upon motion it was turned over to the Retail Merchant's Association with the hearty indorsement of the Commercial Club.

A telegram was read from Walter Phillips of the National Bank of Commerce stating that the bank would be glad to re-adjust the proposed tax

rate for paying for the paving bonds in any way agreeable to the city council. It is declared that the increasing the tax rate from 17 1/2 cents to 25 cents, about \$19,000 can be saved in interest.

Reports were read from nearby towns showing that Cameron's city and county tax rate was much lower than those of adjoining cities, as follows: Brenham, City rate, \$1.80; county rate, \$2.10. Bryan, city, \$1.81; county \$1.95; Belton, City \$1.90 county, \$2.00; Georgetown, city, \$2.15; county, \$1.64.

DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages, scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Cameron man's testimony.

F. A. Mosley, farmer, Second St., says: "I was down and out with my back and was in such a condition, I could hardly do a thing. My back ached all the time and my kidneys were irregular. The secretions contained sediment that looked like brick-dust and the passages were painful. I tried several kinds of kidney medicine, but the only one that did me any good was Doan's Kidney Pills. They cured me of the attack."

IF BILIOUS, SICK! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

You're bilious! Your liver is sluggish! You feel lazy dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells

you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of

other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

J. D. DOBBINS The Man Who Saves You Money

RECORD HAS BEEN BROKEN ON AUTO OUTPUT FOR DEC.

FAVORITE CARS IN CAMERON
SHOW BIG FACTORY IN-
CREASE.

Returns on December output are not yet complete, but while the total will no doubt fall below the November figure due to inventory interruptions, there is no doubt that a record was set for December production and that the year's total was carried well over the predicted 2,500,000 cars and trucks, making 1922 the biggest year in automobile history.

The shut-downs for inventory in many cases were made as brief as possible in order to allow minimum interference with production, and operations have been continued in January on a generally increased scale. In spite of the hopeful outlook engendered by sustained record-breaking output, however, and the characteristic optimism of the show season, there is a tendency to hold up definite production plans for the coming year until competitive offerings and the trend of demand have been sized up through the medium of the national shows.

This year's New York Show has revealed more new or improved models than the shows of the past two years, and plainly indicates the keenness of the competition that will prevail this year. It is significant that over 83 per cent of 1922 sales were made by the six leading companies (counting General Motors units as one company) as compared to 81.9 per cent and 76.6 per cent in 1921 and 1920 respectively for the six leading producers in those years. In other words, 96 per cent or 97 per cent of the active manufacturers had to divide among them last year only a little over 16 per cent of the business—and there is little question that a certain percentage of this came to them only because the big companies were unable to handle it. While this year there will be an even greater number of cars in direct competition with them, the leaders have the advantage of having materially strengthened their dealer organizations, largely at the expense of the smaller producers. It seems inevitable that many of the present contenders must either give up entirely or lose their identity in possible mergers, as the big companies are even better prepared than last year to handle all the business that comes their way.

The real magnitude of this trend toward concentration becomes more apparent with the realization that the automotive industry as a whole now stands first among the industries of the country in the value of its manufactured products, with a total value in 1922, according to government figures, of \$2,865,000,000. This exceeds by more than \$800,000,000 the next highest industry in the list—petroleum—which itself has the automotive industry to thank for its commanding position.

FORD—January retail sales are expected to equal December, which totalled more than 100,000. Production at Detroit plants has been on reduced basis since brief inventory shut-down, averaging around 3000 daily, but it gradually being increased with idea of reaching 6000 daily by April 1st. New Chicago plant is counted to expedite closed car production. Total production of domestic and foreign plants for 1922 is estimated at 1,352,000, as compared to 1,013,958 in 1921. Tractor output in 1922 was approximately 63,000 as against 36,878 the year before.

HUDSON-ESSEX—Hudson's 304 per cent increase of sales in 1922 over

1921 was probably greater percentage of increase among larger producers, and brought Hudson-Essex into seventh place for last year. January schedule is 6500, and increase to 7500 a month is planned for Spring, with a possibility of 8000 if business grows as expected.

WILLYS-OVERLAND — January price-cut on closed models, introduction of new Willys-Knight "Coupe-Sedan" together with refinements in other models, and entry upon extensive advertising and sales campaign, indicate excellent prospect for even stronger come-back this year. January schedule calls for 12,000 cars, which will be stepped up to 15,000 in February and 18,000 in March. 1922 production approximated 99,500 cars, almost double the preceding year. Increased labor and plant efficiency showed up in improved financial showing for last half year.

OAKLAND—Keeping output at approximately 100 cars daily. 1922 production was in neighborhood of 25,000, and it is planned to increase production considerably beyond that figure this year. New sport roadster listing at \$1145 has been added to line and was exhibited at New York show.

OLDSMOBILE—Also reported to be turning out 100 daily, with a production of 30,000 cars planned for this year as against approximately 23,000 in 1922.

PACKARD —Increasing production gradually and expect soon to reach output of 100 daily, with 24,000 cars as the goal for the year. Declared quarterly dividend of 2 per cent on common stock, establishing rate of 8 per cent annually. This is equivalent to 16 per cent on the old basis before distribution of 100 per cent dividend last month. Former dividend rate was 10 per cent.

BUICK—Did not shut down plant in December for inventory, and on Dec. 28 established new high record for one day's production by turning out 825 cars at Flint and Detroit plants, following on the 29th with a record day's shipments of over 1200 cars from the two plants. Now building for 650 to 700 daily, and 1923 schedule is understood to call for 185,000 cars as compared to approximately 134,000 last year.

CADILLAC—Omission of usual two weeks' closing for inventory resulted in record December output, and production is continuing at rate of about 100 cars daily, with plans for general speeding-up to take care of Spring demand. New machinery is being installed and some departments have been working overtime.

CHANDLER—1923 line has new engine and other refinements, and sales possibilities are further enhanced by price reductions ranging

from \$50 to \$100 a car. Plans call for stepping up production from present rate of 35 daily to 60 daily a month from now and to 100 daily in the Spring. 1922 output was close to 10,000 cars, as compared to 5,000 in 1921. While satisfactory profit was earned and dividends maintained, financial showing was not as good as in 1919 and 1920.

CHEVROLET — New air-cooled Chevrolet was outstanding feature at New York show. A number have been shipped to dealers, but active selling campaign will not be undertaken immediately. In size and general design it is the same as present Chevrolet model, and carries the same bodies, but a number of detail refinements have been made in the chassis aside from the new "copper-cooled" motor. Initial prices for the new line are set at \$200 more than the current models, which are still being turned out at the rate of 1200 or more daily. New plants at various points are being rushed to completion.

CLEVELAND—Still reported to be turning out about 35 cars a day. If operations this year are on a sufficiently profitable basis consolidation with Chandler will undoubtedly take place, although this development is not expected until latter part of year.

DODGE—1922 production of 165,000 established new record for company, and exceeded 1921 total by 75,650. Present output reported around 500 daily.

DORT—Plan production schedule of 30,000 cars this year, and on basis of present reported output of about 100 daily, together with strengthened sales and financial position, should have good chance of reaching that total.

There are a number of cases of influenza in this community. Some very sick for a few days and others not so serious. There are also a number of cases of Mumps. In some cases the patient has "a mump" on both sides of their jaw and others only have one "mump". No serious results are reported from this malady however, for which we can be thankful.—Thorndale Champion.

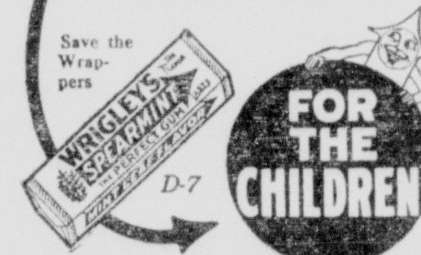

"COLD IN THE HEAD"
is an acute attack of Nasal Catarrh. These subject to frequent "colds" are generally in a "run down" condition. **HALLE'S CATARRH MEDICINE** is a Treatment consisting of an Ointment, to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds". Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

After Every Meal
WRIGLEY'S

Top off each meal
with a bit of
sweet in the form
of WRIGLEY'S.

It satisfies the
sweet tooth and
aids digestion.

Pleasure and
benefit combined.

**HEAD STUFFED FROM
CATARRH OR A COLD**

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuff-up with a cold or nasty catarrh.

Ouch! Aching Joints, Rub Rheumatic Pain

Rub Pain right out with small
trial bottle of old
"St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Linger up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

666

quickly relieves Colds and LaGrippe, Constipation, Biliousness and Headaches. 30-15t

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

resented 26 per cent of the farms in the state. More than 8,000 farmers have been forced to abandon their farms in these states within the last three years, the survey showed. In North Dakota the number of farmers compelled to leave their lands was 2,677; in Minnesota, 1,717 in South Dakota, 1,763, and in Montana, 2,013.

Taxes in these states have grown to be an almost insupportable burden, the statistics indicates. In North Dakota the taxes have increased by 77 per cent in the last three years, according to Mr. Sinclair's statements. In Minnesota the increase in taxes in three years has been 42 per cent; in South Dakota, 33 per cent, and in Montana, 26 per cent.

No Worms in a Healthy Child

All children troubled with Worms have unhealthily color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Parents will thus throw off or dispel the worms, and the child will be as healthy as a horse. Pleasant to take. 25c per bottle.

HOW MUCH MILEAGE.

Do you get out of your present auto batteries? That is a most important question. The cost of your batteries and upkeep depends upon the answer. Our Prest-O-Lite battery will give you the maximum mileage per dollar invested. We can prove this.

First Methodist Church

Cameron, Texas.

STARTS

SUNDAY NIGHT FEBRUARY 4

Evangelist J. E. Morgan will conduct the great revival. Rev. Morgan conducted a revival in Cameron last year and his unusual ability is well known to Cameron people. He is a remarkable evangelist.

Rev. Morgan will begin his sermons on Friday night, February 9. The following program will be carried out next week:

Sunday night—Sermon by Rev. T. F. Weaver of the Christian church.

Monday night—Sermon by Rev. H. R. MacFadyen of the Presbyterian church.

Tuesday night—Sermon by Rev. R. C. White of the Baptist church.

Wednesday night—Young People's Service. This will be an unusual affair.

Thursday night—Sermon by Rev. Ira F. Key.
Friday night and during the remainder of the two weeks meeting—Sermons by Rev. J. E. Morgan.

**Don't Fail to Attend These
Meetings**

THE KU KLUX KLAN OF RECONSTRUCTION DAYS

Remarkable Authentic History of the founders
of the Original Invisible Empire
Beginning in February 8th

MAGAZINE SECTION

The Cameron Herald

THE K. K. K. OF RECONSTRUCTION DAYS.

Beginning with the date of February 8th, our Magazine Section, issued monthly, will have a series of well written articles on the Ku Klux Klan of reconstruction days—the period that immediately followed the closing of the Civil War. The first article will be introductory, explaining the cause which led up to the organization of the Klan in 1865. Later articles will recount the history of the Klan's activities in Texas from 1865 to 1870.

This series will be well worth your time in the reading.

We need a few more subscribers in order to give you a still better newspaper. Boost the Cameron Herald to your friends and help us to get these extra subscribers. A year's subscription to the Herald is worth the money—worth it in dollars and cents. All good men and women, boys and girls, want to keep up with the news of the day and progress of the state and county in which they live. This you can do by subscribing for and reading the Cameron Herald.

"THE TEXAS ALPS."

The Davis Mountains, situated in Southwest Texas, has been aptly described as "The Texas Alps." Its natural scenic beauty is unexcelled and it is far-famed as a hunter's paradise. The Texas Legislature has up for consideration the creating of a state park out of this wild domain.

The Magazine Section of the Cameron Herald to be issued February 8 will have a story written by Austin Callan about the Davis Mountains.

Watch our Magazine Section! Many splendid feature stories about Texas will appear in its pages, at intervals, each month. Pass it on to your neighbor and suggest that he subscribe for the Cameron Herald. He and his family will be well pleased with the investment.

THE WOMAN'S PAGE.

Our Magazine Section for February 8th, will have a new editor for the "Woman's Page," in the person of Mrs. Margaret Stute. She is an expert on home economics and our women readers will find much information on this page that will be practical and useful to them in their problems of better housekeeping.

The Cameron Herald is alive to the interest of each member of its big family of readers—hence the improvement noted in The Woman's Page.
